

FACULTY OFFICE WITH COMPUTING FACILITIES

Echelon Institute of Technology, Faridabad

Photographic Documentation and Infrastructure Report
15 October 2026

1. Introduction

Echelon Institute of Technology provides faculty workspaces equipped with desks, seating and computing facilities to support teaching, lesson planning, preparation of learning resources, research, student mentoring, academic administration and institutional documentation. This report records the office environment shown in the supplied geo-tagged photographs.

2. Purpose and Scope

This report documents visible office infrastructure and computing facilities.

3. Facilities Observed

Facility / Component	Observation from photographs
Faculty workstations	Individual desks/work surfaces and chairs for faculty members.
Computing equipment	Desktop computers, monitors, keyboards, workstations.
Printing facilities	Printers are made available for printing academic and administrative documents.
Storage and documents	Cabinets, drawers, files, books, folders and document stacks are visible.
Power and connectivity	Electrical sockets and connected computer peripherals
Office environment	Indoor workspaces include lighting, windows/glazed partitions and air-conditioning in some areas.

4. Role of Computing Facilities in Academic Work

- Preparation of teaching materials, presentations, assignments and course plans.
- Use of digital learning platforms, institutional ERP and academic communication systems, subject to network availability.
- Preparation of examination-related documents, student records, reports and accreditation evidence.
- Research, online academic resources, manuscript preparation and professional development.
- Student mentoring, communication and coordination with colleagues and administrative departments.
