Dear Mr. Shivam,

I hope this message finds you well.
We are pleased to invite you to participate as an industry expert in conducting mock interviews for our students. The objective of this initiative is to provide students with practical exposure to real-world interview scenarios, helping them refine their communication skills, technical knowledge, and professional confidence.
Your expertise and insights would be immensely valuable in guiding our students and preparing them for future career opportunities. The mock interview is scheduled to take place on 9th April 2026 at 10:00 am and can be conducted in-person.

We would be grateful if you could spare some time to engage with our students, share your feedback, and contribute to their professional development.
Please let us know your availability at your earliest convenience. Should you need any further information, feel free to reach out.
Thank you for considering our invitation. We look forward to your positive response.
Warm regards,

Thanks & Regards:
Raj Kumari

Dear Ms. Raj Kumari,

Thank you for your kind invitation.

I am pleased to confirm my availability to participate as an industry expert for conducting mock interviews on 9th April 2026 at 10:00 am at your esteemed institution.

I would be happy to engage with the students, provide constructive feedback, and help them enhance their communication skills and interview readiness. I also sincerely appreciate your support regarding the travel reimbursement, as discussed.

Kindly let me know if there are any specific guidelines, student profiles, or areas of focus you would like me to consider for the session.

Looking forward to a productive interaction.

Warm regards,
Dr Shivam

Echelon Institute of Technology

Dear Madam,

We express our **sincere gratitude** for your **exceptional coordination and support** in the successful organization of the **Mock Interview Drive 2026, held on 10th April 2026,** and for the opportunity to interact with and interview your students.

Your **professionalism, attention to detail, and commitment** to student development were clearly reflected in the seamless execution of the event. The **well-structured approach and active student participation** created a meaningful platform for experiential learning and skill enhancement.

We were delighted to collaborate with you and to deliver the session on **"Intelligent, Qualified, Yet Not Selected: Rethinking Interview Performance."** Your support played a significant role in ensuring the effectiveness and overall impact of the session.

We truly **appreciate your efforts** in strengthening industry-academia engagement and in creating opportunities that prepare students for real-world challenges.

We look forward to continued collaboration and wish you continued success in your initiatives.

Warm regards,

Dr. Shivam Jhamb

NOTICE

Sub: Mock Interview Session by Jashna Edu LLP

Theme: "Intelligent, Qualified, Capable – Yet Not Selected: Rethinking Interview Performance"

All students of B.Tech, BBA, BCA and other programs across all branches are hereby informed that the Training & Placement Cell is organizing a Mock Interview Session in collaboration with Jashna Edu LLP. The session will help students understand why capable and qualified candidates are sometimes not selected, and will guide them in strengthening their interview performance ahead of campus placements. The details of the session are furnished below:

Activity	Mock Interview Session by Jashna Edu LLP
Theme	Intelligent, Qualified, Capable – Yet Not Selected: Rethinking Interview Performance
Organized By	Training & Placement Cell, EIT Faridabad
Target Participants	Students of All Branches
Date	10th April 2026
Time	10:00 AM onwards
Venue	EIT Campus
Speaker	Dr. Shivam Jhambh, Director, Jashna Edu LLP

All students, irrespective of branch, are advised to be present at the venue on time and actively participate in the session. Respective faculty coordinators are requested to encourage student participation and ensure smooth conduct of the activity.

The Management

Echelon Institute of Engineering and Management

Faridabad, Haryana

Respected Sir/Madam,

Hope you are doing well !

We are excited to propose a **One-hour interactive workshop on Interview Skills** for 150-500 students from diverse disciplines at **Echelon Institute of Engineering and Management, Faridabad.** This workshop aims to share valuable insights and practical knowledge drawn from real-world interview experiences to help students confidently navigate their own interview journeys.

Workshop Highlights

1. **Sharing Insights from 80+ Interviews:**

- Shivam Jhamb has personally appeared in over 80 interviews across various domains.
- He will share unique experiences, lessons learned, and strategies that worked in different interview settings.

2. **Mock Interview Experience**

- Jashna Edu LLP, under Dr. Shivam's leadership, has conducted around 1,000 mock interviews for students from various fields.
- These experiences will help students understand common interview patterns, industry expectations, and best practices.

3. **Interactive Q&A**

- An open forum for students to ask questions, seek clarifications, and discuss their concerns about interviews.

Key Takeaways for Students

* Gain practical insights from real-life interview experiences.

* Learn how to prepare effectively for different interview scenarios.

* Understand how to present themselves confidently and professionally.

Basic Requirements

Venue: A large, air-conditioned hall with seating for 500 students.

Technical Support: Projector, microphone, and audio-visual equipment.

Assistance: Support from your team for registration and session management.

Facilitator

The session will be conducted by Dr. Shivam Jhamb, Director of Jashna Edu LLP and a Cambridge CELTA-certified trainer, with over 10 years of experience in training and mentoring students. His extensive interview experience and deep understanding of industry requirements will provide invaluable guidance to your students.

We look forward to collaborating with you to help your students excel in their future interviews.

Warm regards,

Dr. Shivam Jhamb

Director, Jashna Edu LLP

EDU I

MEMORANDUM OF UNDERSTANDING [MOU]

The Management,

Echelon Institute of Technology

Faridabad, Haryana

Dear Sir/Madam,

Following the successful mock interview session conducted at your esteemed institution today, Jashna Edu LLP is pleased to propose a **formal collaboration** aimed at enhancing the learning experience of your students through specialized educational programs.

About Us

Jashna Edu LLP is an educational organization dedicated to fostering a conducive learning environment for academic and professional growth. We specialize in English language courses, professional development workshops, and training programs, all designed to equip students and educators with the necessary skills to excel in their respective fields.

Purpose of Collaboration

We propose to establish a collaborative relationship with Echelon Institute of Technology to offer the following programs and services:

1.English Language Courses:

A Two-Month Spoken English Language Course including Public Speaking (Level-1) at a discounted fee of Rs 1,999 per student (standard fee: 10,000). **-Issuance of Certificates and Progress Reports to all participants** upon successful completion.

2. Mock Interviews:

Free Mock Interviews for students, with **preparation sessions available on a paid basis.**

website : www.eitfaridabad.com

3. **Teacher Training Programs, Workshops, and IELTS Preparation:**
- These services will be available on a paid basis under mutually agreed terms.

4. **Internships:**
- Potential internships for roles such as Social Media Manager, Sales and Marketing, and Video Editor.

Responsibilities of Echelon Institute:

- Promote and encourage student participation in the programs offered by Jashna Edu LLP.
- Ensure a minimum enrollment of 100 students per batch for the English Language Course.
- Provide technically equipped and air-conditioned classrooms to facilitate smooth and effective learning.

Duration:

This collaboration is proposed for an initial duration of two years from the date of acceptance, with the possibility of renewal upon mutual agreement.

We believe that this collaboration will significantly benefit your students by providing them with essential skills and practical knowledge to succeed in their future careers. We look forward to a positive response and to working together for the betterment of your students.

Thank you for your consideration.

Sincerely,

Report on Mock Interview Session

Date: 9th April 2026
Organized By: Career Development & Outreach Division

1. Introduction

A Mock Interview Session was successfully conducted on **9th April 2026** as part of the pre-placement preparation activities for students. The objective of the session was to equip students with practical interview experience and enhance their confidence ahead of upcoming recruitment drives and job fairs.

---

2. Resource Person

The session was conducted by **Dr. Shivam Jamb**, a seasoned professional with corporate experience at reputed organizations such as **Wipro** and **Alcatel-Lucent**.

With his strong industry background, he brought valuable real-world insights into the session, focusing not only on communication skills but also on:

- Job interview techniques
- Workplace communication
- Career readiness and professional behavior

---

3. Participation

A total of **150 students** actively participated in the mock interview session.
All participants appeared for the interview process and gained hands-on experience of real interview scenarios.

---

4. Key Highlights of the Session

- Simulation of real interview environment
- One-on-one mock interviews
- Assessment of:
    - Communication skills
    - Technical knowledge
    - Confidence and body language

ECHELON INSTITUTE OF TECHNOLOGY
Kabulpur, Kheri-Manjhawali Road, Faridabad 121101, Haryana
Ph.: +91 93557 30562 | e-mail: info@eitfaridabad.com
website: www.eitfaridabad.com

- Personalized feedback provided to students

---

5. Learning Outcomes

The session helped students to:

- Understand the structure and expectations of job interviews
- Improve verbal and non-verbal communication skills
- Identify their strengths and areas of improvement
- Gain confidence in handling interview questions
- Develop better clarity regarding industry expectations

---

6. Conclusion

The Mock Interview Session proved to be highly beneficial for students in preparing them for upcoming placement opportunities. The practical exposure and expert guidance provided by Dr. Shivam Jamb significantly contributed to enhancing students' readiness for real-world recruitment processes.

The institution looks forward to organizing more such sessions to strengthen students' employability and career prospects.

MOCK INTERVIEW REPORT

Training & Placement Cell

1. Event Overview

Activity	Mock Interview Session
Organized By	Training & Placement Cell
Target Audience	Final Year BBA & BCA Students
Date	21st April 2026
Time	2:00 PM Onwards
Venue	Room S-35
Mode	Offline
Total Participants	13

2. About the Activity

As part of its ongoing effort to strengthen the employability and interview readiness of graduating students, the Training & Placement Cell organized a Mock Interview session for the final year BBA and BCA batches. The session was designed to simulate a real corporate interview environment, giving students a first-hand sense of the format, pace, and expectations of a professional selection process ahead of the upcoming placement season.

The primary objective of the activity was to help students identify their strengths and areas of improvement in communication, confidence, body language, subject knowledge, and resume presentation, so that they could walk into their actual placement interviews better prepared.

3. Objectives of the Session

- To provide students a simulated, real-time interview experience ahead of actual campus placement drives.
- To assess and improve participants' communication skills, confidence, and body language.
- To familiarize students with commonly asked HR and domain-specific interview questions.
- To help students learn how to effectively present their resume, academic projects, and achievements.
- To provide individualized, constructive feedback that students can act on before the placement season.

4. Structure of the Session

The mock interviews were conducted in a one-on-one format, with each student individually interacting with a faculty panel member acting as the interviewer. Every session included a mix of standard HR questions (self-introduction, strengths and weaknesses, career goals) as well as questions drawn from the student's academic background, resume, and area of specialization.

Each interview lasted approximately 8-10 minutes and was followed by immediate, one-to-one feedback from the panel covering the candidate's overall performance, key strengths, and specific areas to work on before the placement drives begin.

5. Evaluation Parameters

Each candidate was assessed by the panel across the following parameters:

Parameter	What Was Assessed
Communication Skills	Clarity of speech, articulation, and language proficiency
Confidence & Body Language	Posture, eye contact, and overall demeanor during the interview
Subject / Domain Knowledge	Understanding of core BBA/BCA concepts and coursework
Resume Presentation	Ability to explain academic projects, internships, and achievements
Problem-Solving & Aptitude	Approach to situational and analytical questions
Overall Personality	General impression, enthusiasm, and professionalism

6. List of Participants

A total of 13 final year BBA and BCA students participated in the session:

S. No.	Student Name	Course
1	Sakshi Mishra	BBA
2	Lakshita Sharma	BBA
3	Diksha Tiwari	BBA
4	Akshya Choubey	BBA
5	Tanisha Gupta	BBA
6	Ansh Makkar	BCA
7	Yash	BCA
8	Kashish Mittal	BBA DM
9	Chirag	BBA DM
10	Krishna Mehra	BCA DS
11	Payal	BCA DS
12	Yamini	BCA DS
13	Kajal	BBA Gen

7. Key Observations

- Overall enthusiasm and preparedness among participants was encouraging, with most students arriving well-dressed and on time.
- A majority of students demonstrated confident body language and maintained good eye contact through the interview.
- Communication skills varied across the group; several students would benefit from structuring their answers more concisely.
- Some students needed guidance on articulating their resume points and linking academic projects to real-world, job-relevant skills.
- Panel members noted that students were receptive and open to constructive feedback.

8. Panel / Resource Persons

The mock interview panel comprised a senior faculty member associated with the Training & Placement Cell, who conducted one-on-one interview rounds with each participant and provided detailed, on-the-spot feedback covering both strengths and areas for improvement.

9. Participant Feedback

Feedback collected from participants after the session was largely positive. Most students shared that the exercise gave them a realistic sense of what to expect in an actual interview and helped ease their nervousness around the process. The personalized feedback on communication and resume presentation was particularly appreciated, and several participants expressed interest in attending more such sessions before the placement season begins.

10. Outcome & Way Forward

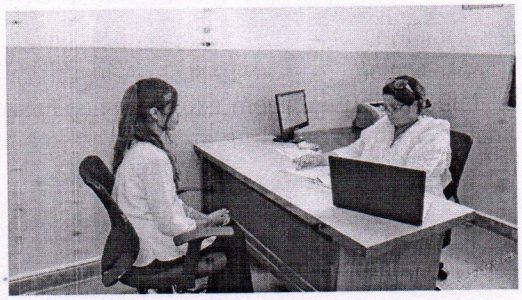

The session helped build awareness among students about real interview expectations and gave a noticeable boost to their confidence ahead of the placement season. Based on the panel's observations, the Training & Placement Cell plans to conduct similar mock interview rounds at regular intervals, along with group discussion practice and resume-building workshops, to further strengthen student readiness for campus placements.

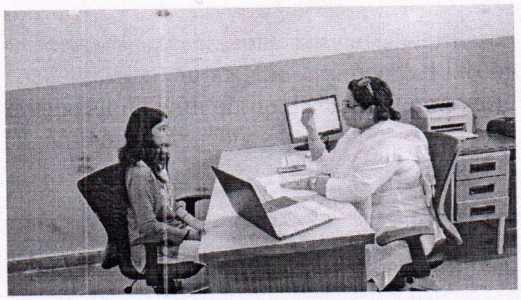

11. Recommendations

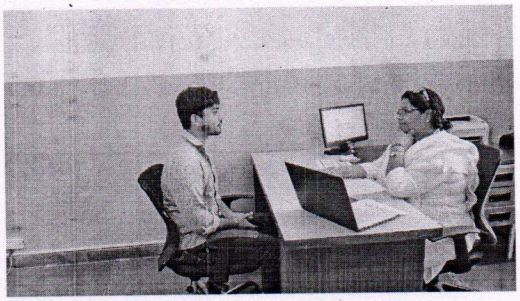

conducted one-on-one interview rounds with each participant and provided detailed, on-the-spot feedback covering

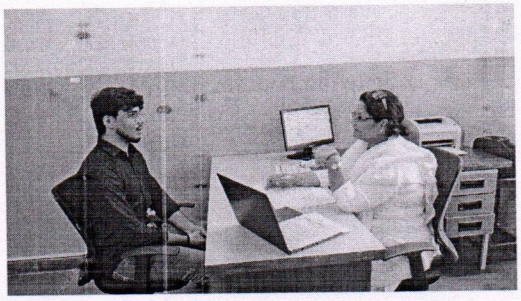

- Conduct at least one more round of mock interviews closer to the placement season for reinforcement.
- Introduce group discussion (GD) practice sessions alongside one-on-one interview practice.
- Organize a dedicated resume-writing workshop ahead of the next mock interview round.
- Share curated interview question banks (HR and domain-specific) with students in advance.
- Consider inviting alumni or industry professionals as guest panelists for added perspective.

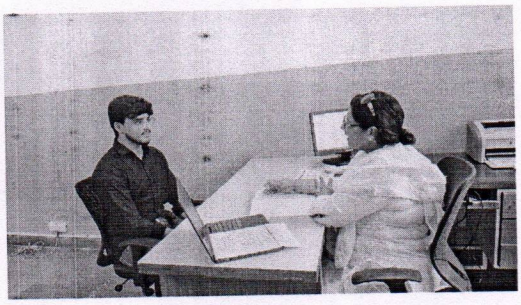

12. Glimpses of the Session

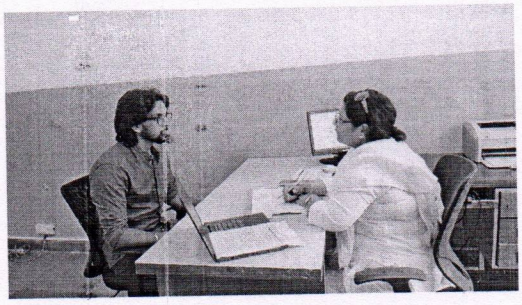

This report is submitted for record and further necessary action.

Training and Placement Department

REPORT ON MOCK INTERVIEW SESSION

Event	Mock Interview Session
Organised By	Training and Placement Department
Date	Friday, 10th July 2026
Time	10:00 AM onwards
Venue	Room S-29
Target Audience	Final Year students of all streams
Mode	Offline

1. Introduction

As part of its continuous effort to prepare final year students for the campus placement season, the Training and Placement Department organised a Mock Interview Session for final year students of all streams on Friday, 10th July 2026, at Room S-29 from 10:00 AM onwards. The session was designed to simulate a real corporate interview environment and to give every student first-hand exposure to the kind of questions, pressure and expectations they are likely to encounter during actual campus placement drives.

The programme was coordinated by the faculty and staff of the Training and Placement Department, who addressed the gathering, explained the objectives of the session and personally conducted a number of the mock interview rounds. Students from Computer Science, Electronics, Mechanical, Civil, Electrical and other allied streams participated enthusiastically, reflecting the cross-disciplinary reach of the initiative.

2. Objectives of the Session

- To familiarise final year students with the structure and flow of a typical HR and technical interview.
- To help students identify and correct gaps in their resumes, body language, verbal communication and subject knowledge before they face actual recruiters.
- To reduce interview-related anxiety by giving students a low-stakes environment in which to practise.
- To provide personalised, constructive feedback that students could act upon before the placement season begins.
- To reinforce the message, shared by the Department, that the placement journey begins from the first semester and not merely in the final year.

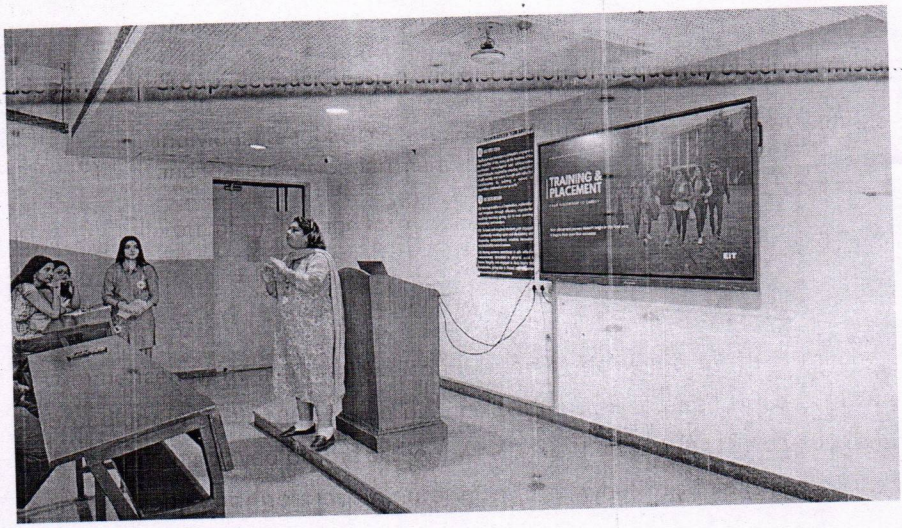

3. Programme Schedule

The session followed the schedule outlined below:

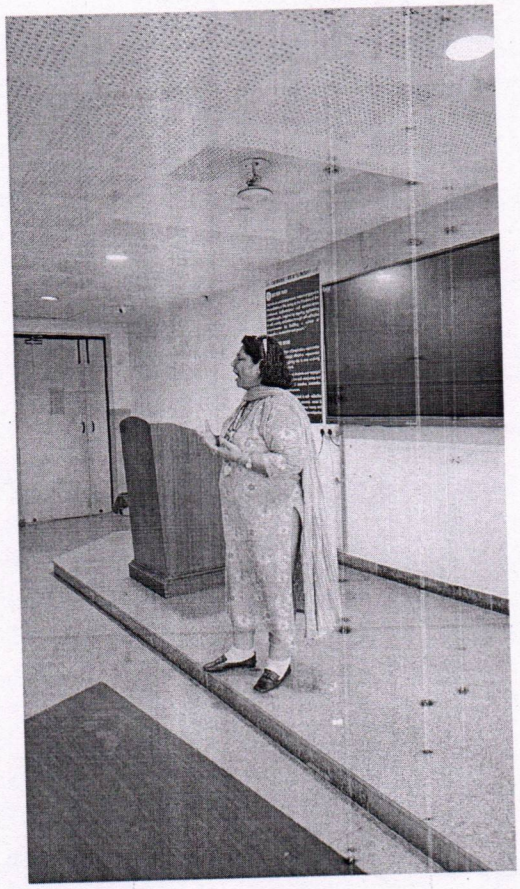

Time	Activity
10:00 AM – 10:15 AM	seating arrangement in S-29
10:15 AM – 10:35 AM	Welcome address and orientation by the Training and Placement Department
10:35 AM – 11:00 AM	Briefing on interview etiquette, dress code, body language and common interview formats
11:00 AM – 1:00 PM	One-on-one and panel mock interview rounds conducted stream-wise (HR round and Technical round)
1:00 PM – 1:30 PM	Group feedback session and discussion of frequently observed mistakes
1:30 PM – 2:00 PM	Individual feedback sheets shared with students; open Q&A with the Training and Placement Department
2:00 PM	Vote of thanks and formal closing of the session

4. Proceedings of the Session

The programme commenced with a formal welcome address delivered by the Training and Placement Department at the podium in S-29. The session opened with a presentation titled "Training & Placement: From Classroom to Career," displayed on the screen, which set the tone for the day by reminding students that consistent preparation, and not last-minute effort, is what distinguishes successful placement outcomes.

Following the welcome address, the coordinating faculty briefed the students on interview etiquette — covering appropriate dress code, punctuality, confident body language, eye contact, and structured answers to commonly asked questions such as self-introduction, strengths and weaknesses, and reasons for choosing a particular career path.

The core of the session consisted of one-on-one and small-panel mock interviews, conducted stream-wise so that questions could be tailored to each discipline. Every participating student was interviewed on both general/HR aspects and core technical fundamentals relevant to their branch. Faculty members observed each round closely and noted specific, individual feedback points to be shared with the respective students.

5. Participation Details

The session saw enthusiastic participation from final year students across all streams offered by the institute. An approximate stream-wise breakup of attendance is given below:

Stream / Branch	Approx. Students Present
Computer Science & Engineering / IT	22+
Mechanical Engineering	3
Other allied streams	25+
Total Approx. Attendance	50+

6. Key Observations

- Most students were confident with subject-level technical knowledge but needed further practice in structuring answers concisely under time pressure.
- Several students benefitted from immediate correction of common errors, such as overly rehearsed self-introductions and weak eye contact.
- Students from every stream actively sought feedback and asked follow-up questions during the open Q&A, indicating strong engagement with the exercise.
- Punctuality and preparedness with updated resumes were noticeably better among students who had attended similar sessions conducted earlier by the Department.

7. Feedback and Outcomes

Verbal feedback collected from students at the close of the session was overwhelmingly positive. Participants noted that the mock interview format helped reduce their anxiety about the real placement process, gave them a realistic sense of the questions to expect, and provided them with actionable, specific pointers for improvement rather than generic advice. Many students requested that such sessions be held more frequently in the lead-up to the placement season.

From the Department's perspective, the session achieved its intended purpose: it surfaced common, correctable gaps across the final year cohort well before recruiters visit the campus, and it reinforced a culture of proactive preparation among students, in line with the Department's broader vision of building industry-ready graduates.

8. Conclusion

The Mock Interview Session held on 10th July 2026 in Room S-29 was a well-organised and productive initiative by the Training and Placement Department. By simulating a realistic interview environment for final year students across all streams, the session helped bridge the gap between classroom learning and industry expectations. The Department plans to conduct similar sessions at regular intervals through the placement season to ensure that every graduating student is thoroughly prepared for their respective interview processes.

9. Acknowledgement

The Training and Placement Department expresses its sincere gratitude to the faculty members and staff who volunteered their time to conduct the mock interview rounds, and to all the final year students who participated with enthusiasm and openness to feedback. Their cooperation was instrumental to the success of this session.
