PROGRAMME REPORT

Skill Up Program

Empowering the Next Generation

Programme Title	Skill Up Program – Empowering the Next Generation
Organized By	Echelon Institute of Technology, Faridabad
Funded By	Infosys (under one of India's leading CSR initiatives)
Implemented By	Centum Foundation
In Collaboration With	Innovation Comes Jointly (ICJ)
Start Date	23rd July 2025
Duration	60 hours
Venue	G-20, Seminar Hall (Academic Block)
Eligibility	Final-year students of B.Tech, BCA, and MCA

1. Introduction

Echelon Institute of Technology, Faridabad, in association with the Institution's Innovation Council, the IEEE Student Branch, and the Women in Engineering (WIE) chapter, launched the "Skill Up Program – Empowering the Next Generation" starting 14th July 2025. This 60-hour employability and skill development programme has been designed to prepare final-year students for real-world challenges and the demands of an increasingly competitive career landscape.

The initiative is funded by Infosys under one of India's leading corporate social responsibility (CSR) programmes, and is being implemented on ground by the Centum Foundation in collaboration with Innovation Comes Jointly (ICJ). This partnership brings together corporate backing, professional training expertise, and institutional support to deliver a structured, outcome-focused learning experience for students.

2. Programme Objectives

The Skill Up Program has been structured around the following core objectives:

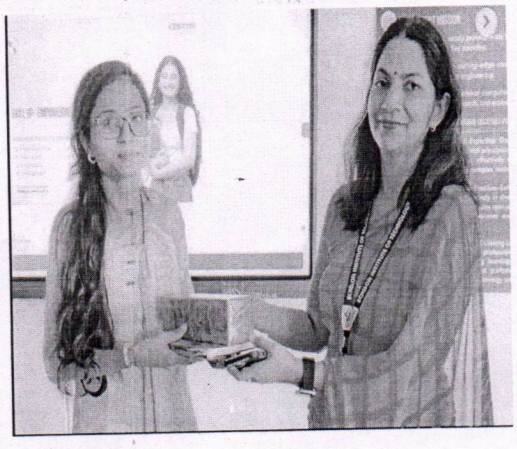

- **Bridging the Gap –** Connecting classroom academics with the practical expectations of today's industry.
- **Building Essential Skills –** Equipping students with soft skills, effective communication, and greater self-confidence.
- **Career Guidance –** Providing structured professional development support and direction for the path ahead.
- **Empowering All Students –** Extending focused support to students with limited prior exposure or work experience, ensuring no one is left behind.

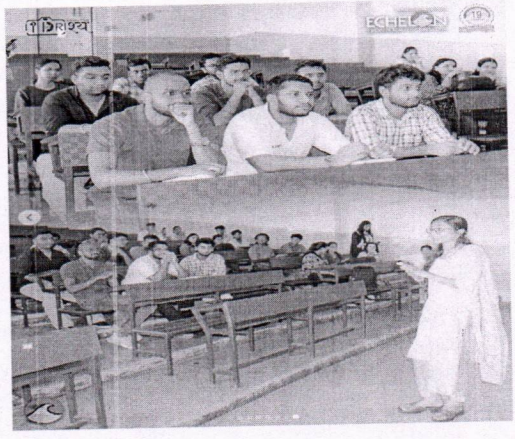

3. Programme Structure & Eligibility

The programme is open to final-year students of B.Tech, BCA, and MCA at Echelon Institute of Technology. Spread across 60 hours of structured sessions, the curriculum covers employability enhancement, communication skills, social etiquette, profile building, and an introduction to workplace readiness — delivered through interactive classroom sessions led by trainers from the Centum Foundation.

The kickoff session set the tone for the programme, with an inaugural address, an overview of the training roadmap, and an interactive orientation to help students understand what to expect over the course of the initiative.

4. Glimpses from the Programme

5. Partner Organisations

The Skill Up Program is made possible through the combined support of the following partners, each bringing a distinct strength to the initiative:

- **Infosys –** Provides CSR funding for the programme, reflecting its long-standing commitment to youth employability and education.
- **Centum Foundation –** Serves as the implementation partner, bringing structured training design and experienced facilitators to deliver the programme.
- **Innovation Comes Jointly (ICJ) –** Collaborates on programme delivery, adding further depth to the training and mentorship framework.

6. Expected Outcomes

- Improved communication, interpersonal, and workplace-readiness skills among participating students.
- Stronger alignment between academic learning and current industry expectations.
- Greater confidence and career clarity among final-year students preparing to enter the job market.
- Focused support for students with limited prior exposure, helping to level the playing field ahead of placements.
- A structured foundation of professional development skills that students can carry forward into their careers.

7. Conclusion

The launch of the Skill Up Program marks a significant step in Echelon Institute of Technology's continued commitment to holistic education and career readiness. By combining corporate CSR support from Infosys with the training expertise of the Centum Foundation and ICJ, the programme offers final-year students a valuable 60-hour pathway to becoming industry-ready professionals.

The institute firmly believes that with the right guidance and skills, every student has the power to create a bright and successful future, and looks forward to seeing the programme's impact unfold over the coming weeks.

EVENT REPORT

Training & Workshops

Bridging the Gap Between Theory & Practice

Event Title	Training & Workshops – Bridging the Gap Between Theory & Practice
Organized By	Echelon Institute of Technology, Faridabad
Date	25th August 2025
Venue	Seminar Hall (Admin Block)
Audience	Engineering & Management Students
Mode	Offline

1. Introduction

Echelon Institute of Technology (EIT), Faridabad, an initiative of The Last Centre, hosted a full-day Training & Workshop programme on 25th August 2025 as part of its ongoing commitment to equipping students with industry-ready skills. Now in its 19th year of excellence, the institute continues to focus on bridging the gap between classroom theory and real-world professional practice.

The session brought together students, faculty mentors, and representatives from partner organisations for a day of hands-on labs, interactive discussions, and guidance sessions designed to strengthen both the technical and professional readiness of participants. The programme reaffirmed the institute's belief that true learning happens when concepts taught in the classroom are reinforced through practical application, mentorship, and exposure to real industry environments.

2. Objectives of the Programme

The Training & Workshop initiative was designed around the following core objectives:

- To provide students with hands-on exposure to industry-standard tools, software, and workflows.
- To strengthen employability through structured personality development and placement-readiness training.
- To connect students with mentors and professionals from leading global organisations.
- To create awareness about international study and career opportunities available to students.
- To foster a culture of continuous learning, innovation, and professional growth on campus.

3. Key Focus Areas

The workshop was structured around six key pillars that together form a holistic development framework for students:

- **Project Development** – Students engaged in learn-by-doing exercises, working on innovative solutions and real-world project ideas under mentor guidance.
- **Personality Development** – Focused sessions on enhancing communication skills, leadership qualities, and self-confidence to prepare students for professional environments.
- **Placement Skills** – Practical guidance on resume building, mock interviews, and job-readiness training to help students present themselves confidently to recruiters.
- **Industrial Training** – Exposure to cutting-edge technologies and practical workflows used across leading industries, bridging the gap between academic learning and real-world application.
- **Study Abroad Preparation** – Orientation on global education pathways, helping students understand the process, requirements, and opportunities for studying overseas.
- **Guest Lectures by Industry Experts** – Interactive sessions with professionals from top companies, giving students first-hand insight into current industry trends and expectations.

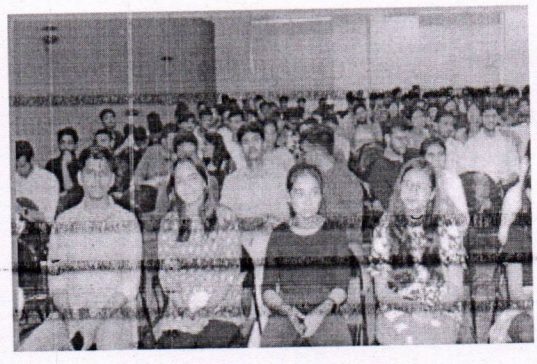

4. Programme Highlights

The day's proceedings combined structured knowledge sessions with informal, interactive engagement:

- An expert panel and mentorship round-table where industry professionals interacted closely with small groups of students, discussing career pathways, project ideas, and skill-building strategies.
- A large-audience keynote and guest-lecture segment where invited speakers shared insights on emerging technologies, workplace expectations, and career planning.
- Hands-on lab exposure to industry-standard tools and platforms contributed by the institute's technology and training partners.
- An open Q&A and interactive discussion round, encouraging students to engage directly with mentors and clarify doubts about career and academic pathways.

5. Glimpses from the Event

6. Industry Tie-Ups & Collaborations

A key highlight of the programme was the strong industry backing behind it. EIT's Training & Workshop initiative draws on partnerships with leading global and national organisations, giving students direct exposure to the tools, practices, and expectations of top employers. Partner organisations associated with the programme include:

Oracle	IBM	Nasscom	UiPath
Palo Alto Networks	Sofcon	Froyo Technologies	IID
Keka	Defronix Cyber Security	GTT	FMA
Edwise International	CodeSquad.org		

These collaborations ensure that the skills and knowledge students gain are aligned with current industry standards, giving them a competitive edge as they enter the job market.

7. Outcomes & Impact

- Students gained practical, hands-on exposure to tools and workflows used by leading technology and consulting firms,
- Participants reported improved confidence in interview readiness following the mock-interview and resume-building segments.
- Direct interaction with industry mentors gave students clearer visibility into career pathways and skill gaps to work on.
- The study-abroad orientation helped interested students understand the next steps for pursuing international education.
- The event strengthened the institute's ongoing relationships with its industry and training partners, paving the way for future collaborations, internships, and guest sessions.

8. Conclusion

The Training & Workshop programme held on 25th August 2025 at Echelon Institute of Technology, Faridabad, successfully reinforced the institute's mission of transforming education by bridging theory with practice. Through hands-on labs, real-world project exposure, and guidance from industry experts, students were given a well-rounded platform to build both their technical capabilities and professional readiness.

Backed by strong industry collaborations with organisations such as Oracle, IBM, Nasscom, UiPath, Palo Alto Networks, and several others, the programme stands as a testament to EIT's 19-year legacy of excellence in industry-aligned education. The institute looks forward to building on the momentum of this event through similar training initiatives in the future.

EVENT REPORT

Seminar on Making Life Decisions

Guiding Students Towards a Brighter Future

Event Title	Seminar on "Making Life Decisions"
Organized By	Placement Department, Echelon Institute of Technology
Resource Person	Dr. Alma Chopra, Founder, Beyond Limit Story
Date	25th March 2025
Time	11:00 AM – 12:30 PM
Audience	B.Tech 1st, 2nd, and 3rd Year students
Partner Support	Asian Hospital

1. Introduction

On 25th March 2025, the Placement Department of Echelon Institute of Technology, Faridabad, successfully hosted an insightful seminar titled "Making Life Decisions" in collaboration with EXC Ventures. The session was organised for B.Tech 1st, 2nd, and 3rd-year students and was designed to help them navigate important academic, personal, and career choices at a formative stage of their journey.

The seminar featured Dr. Alma Chopra, Founder of Beyond Limit Story, as the resource person. Dr. Chopra brought a powerful and deeply personal perspective to the session, drawing on her own life experiences to inspire students to think critically about the decisions that shape their future, both professionally and personally.

2. Objective

The seminar aimed to equip students with valuable career insights, helping them make informed life and career decisions while unlocking exciting opportunities in their respective fields. It sought to encourage students to look beyond conventional career thinking and approach decision-making with clarity, confidence, and self-awareness.

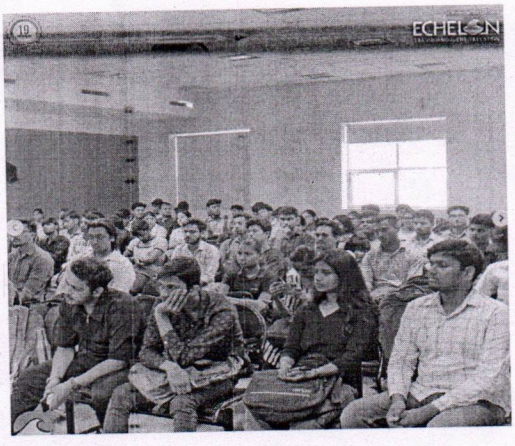

3. Event Highlights

- **Expert Guidance –** Dr. Alma Chopra shared practical frameworks and personal anecdotes on career planning and long-term growth, encouraging students to make thoughtful, well-informed choices.
- **Industry Exposure –** Students were introduced to emerging opportunities across fields, helping them broaden their understanding of possible career paths.
- **Interactive Discussion –** The session included an engaging Q&A round where students actively voiced their questions and concerns, receiving direct guidance from the resource person.
- **Inspirational Delivery –** Dr. Chopra's candid, high-energy delivery style kept students engaged throughout the session and left a lasting impression on the audience.

4. Glimpses from the Event

5. Coordination & Support

The seminar was skilfully coordinated by the Placement Cell, along with Student Coordinator Mr. Pranav (B.Tech 3rd Year) and the dedicated efforts of the entire placement team. Their planning and on-ground management ensured that the session ran smoothly and delivered maximum value to the attending students.

The institute also extends its heartfelt gratitude to Asian Hospital for partnering on the initiative and providing students with a valuable opportunity to showcase their talents and take a meaningful step toward their professional journey.

6. Outcomes & Impact

- Students gained a clearer framework for approaching major life and career decisions with confidence.
- The session broadened students' awareness of emerging opportunities across industries.
- The interactive Q&A allowed students to seek personalised guidance directly from an accomplished mentor.
- Dr. Chopra's personal journey served as a strong motivational example, encouraging resilience and self-belief among attendees.
- The event strengthened the institute's ongoing efforts to complement academic learning with real-world career guidance.

7. Conclusion

The seminar on "Making Life Decisions" proved to be a meaningful and thought-provoking session for the students of Echelon Institute of Technology. By combining expert insight with an interactive format, the event successfully fulfilled its objective of helping students approach their academic and career choices with greater clarity and confidence.

- Students gained a clearer framework for approaching major life and career decisions with confidence.

The Placement Department looks forward to organising more such sessions in collaboration with accomplished mentors and industry partners, continuing its mission of guiding students towards a brighter and more informed future.

Empowering Future Innovators at Echelon

Panel Discussion on Innovation and Start-up Ecosystem Enablers

Event Title	Innovation and Start-up Ecosystem Enablers — Panel Discussion
Date	18th July 2025
Time	2:00 PM onwards
Venue	S-29
Participants	Students from all streams and disciplines
Resource Person	Mr. Ankit Pal, Student Entrepreneur, EIT
Guest of Honour	Dr. Sunil Verma, IQAC Coordinator

About the Event

Echelon Institute of Technology successfully organized an insightful panel discussion on "Innovation and Start-up Ecosystem Enablers" on 18th July 2025, from 2:00 PM onwards at Venue S-29. The session was designed to foster entrepreneurial thinking among students and to educate them about the vibrant and rapidly evolving start-up landscape in India. The event witnessed enthusiastic participation from students of all streams, reflecting the growing interest in innovation and entrepreneurship across disciplines.

The initiative was organized under the aegis of the Institute's Innovation Council (IIC), in alignment with its objective of cultivating a culture of innovation, creativity, and entrepreneurial spirit within the campus community. The session brought together thought leaders, an accomplished student entrepreneur, and academic mentors to give students a well-rounded perspective on building and scaling start-up ideas.

Objectives of the Session

- To familiarize students with the current innovation trends and the evolving start-up ecosystem in India.
- To introduce students to government policies and schemes supporting entrepreneurship.
- To inspire students to consider entrepreneurship and start-ups as a viable and rewarding career path.
- To highlight the role of higher educational institutions and incubation frameworks in nurturing young innovators.
- To provide an open platform for students to interact directly with an entrepreneur and institutional mentors.

Proceedings of the Event

The session commenced at 2:00 PM with a formal welcome to the dignitaries and student participants, followed by an introduction to the theme of the day — Innovation and Start-up Ecosystem Enablers — and its relevance to students at the threshold of their professional journeys.

The session was led by Mr. Ankit Pal, a passionate student entrepreneur of EIT, who captivated the audience with in-depth discussions on current innovation trends, government start-up policies, and real-world entrepreneurial journeys. Drawing from his own experience, he shared practical insights on ideation, overcoming early-stage challenges, and building a sustainable start-up, which inspired peers to think creatively and consider start-ups as a genuine career pathway.

The event was honoured by the presence of Dr. Sunil Verma, IQAC Coordinator, who emphasized the vital role of higher educational institutions in building a strong start-up ecosystem. In his address, he shed light on innovation-driven learning, the importance of robust incubation frameworks, and the proactive role of IQAC in shaping and sustaining a culture of entrepreneurship on campus.

The session concluded with an interactive Q&A round, which gave budding innovators a valuable platform to share their ideas, clarify doubts, and seek guidance from the speaker and the guest of honour. Students actively engaged in the discussion, asking questions related to funding, mentorship, and the practical steps involved in launching a start-up.

Key Outcomes

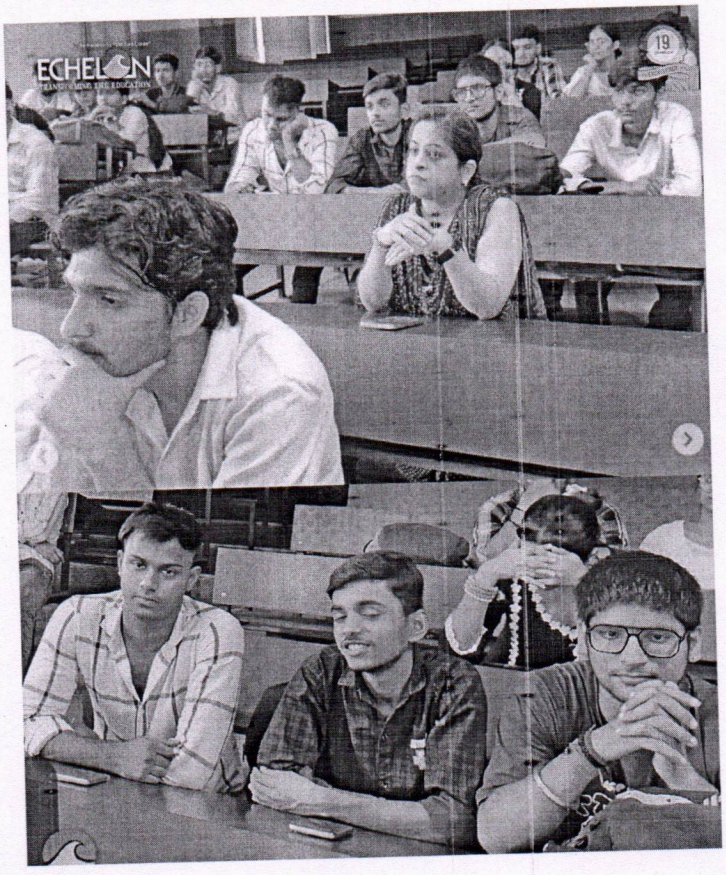

- Students gained a clearer understanding of the start-up ecosystem and available government support schemes.
- Increased awareness among students about entrepreneurship as a career option alongside conventional job paths.
- Direct interaction with a peer entrepreneur made the discussion relatable and motivating for students across streams.
- Reinforced the role of the Institute's Innovation Council (IIC) in driving innovation-led learning on campus.

Conclusion

The panel discussion on "Innovation and Start-up Ecosystem Enablers" proved to be a highly engaging and informative session for students across all streams. This initiative reflects Echelon Institute of Technology's ongoing commitment to nurturing innovation, creativity, and entrepreneurial spirit among students, in alignment with the objectives of the Institute's Innovation Council (IIC). The overwhelmingly positive response from participants underscores the need for more such sessions in the future to sustain and strengthen the entrepreneurial mindset on campus.

EVENT REPORT

Mega Career Counseling Session with Sh. Prabhat Agarwal

Event Title	Career Counseling by Sh. Prabhat Agarwal
Organized By	Echelon Institute of Technology
Resource Person	Sh. Prabhat Agarwal (Chairman, Echelon Institute of Technology)
Date	4th July 2026
Time	1:00 pm
Audience	B.Tech, BCA, BBA, MBA, MCA, M.Tech

OBJECTIVE OF THE SESSION

The primary objective of the Mega Career Counselling Session was to address a challenge faced by nearly every student at some point in their academic journey — the uncertainty of choosing the right career path. With an increasing number of options across technology, management, and interdisciplinary fields, students today often find themselves overwhelmed by choice rather than empowered by it. Echelon Institute of Technology designed this session to cut through that noise, offering attendees a structured yet deeply personal framework for self-assessment, decision-making, and long-term planning, guided directly by the institute's own Chairman.

- Help students identify their genuine interests, strengths, and limitations, rather than choosing careers based on trends or peer pressure.
- Provide parents with a better understanding of how to support — rather than direct — their child's career decisions.
- Introduce a leadership mindset that students can apply regardless of which stream or industry they eventually choose.
- Create an open forum where doubts, fears, and questions about the future could be voiced without judgment.

EVENT OVERVIEW

Are you feeling confused about your career choices? Wondering which path aligns with your passion and potential? This was the guiding question behind Echelon Institute of Technology's Mega Career Counselling Session — an initiative designed to give students, parents, and aspiring professionals genuine clarity, inspiration, and direction from one of the most influential mentors in education and leadership.

Echelon Institute of Technology, an initiative by The Last Centre and affiliated to Guru Gobind Singh Indraprastha University (GGSIPU), hosted this exclusive session with its Honourable Chairman, Sh. Prabhat Agarwal — an IIT Delhi alumnus, spiritual thinker, and social leader dedicated to nurturing enlightened communities and empowering young minds to become conscious leaders of tomorrow. The session brought together students, faculty members, and parents in an open, conversational format that encouraged honest questions and reflective dialogue about career and life direction.

ABOUT THE SPEAKER

Sh. Prabhat Agarwal is an alumnus of IIT Delhi and a deeply spiritual leader whose work spans education, business, and social transformation. As Chairman of Echelon Institute of Technology, he has championed a vision of creating enlightened communities that generate new possibilities across education, administration, and enterprise. His approach to mentorship blends technical rigour with introspective, purpose-driven thinking — encouraging young people not simply to chase career titles, but to first understand who they are and what they are meant to contribute to the world.

What distinguishes Sh. Agarwal's approach to career guidance is his refusal to separate professional success from personal consciousness. Rather than treating career counselling as a purely tactical exercise — resumes, interviews, placement statistics — he frames it as an extension of self-inquiry: understanding one's values, temperament, and sense of purpose first, and letting career choices follow from that clarity. This philosophy, shaped by his own path from a top engineering institute into spiritual and social leadership, gives him a distinct credibility with students who are often told what to do but rarely asked who they are.

SESSION HIGHLIGHTS

The session was structured as an interactive dialogue rather than a one-way lecture, allowing students and parents to engage directly with Sh. Agarwal. Key themes covered included:

- Self-discovery — Knowing who you are in all your possibilities, potentials, and limitations.
- Leadership from within — How to be a leader in your own self-inspired area of interest, rather than following convention.
- Clarity of purpose — Developing an intentful, committed clarity of the future you envision for yourself.
- Turning dreams into reality — How to generate the inner power needed to translate ambition into action, against all odds.

Throughout the session, Sh. Agarwal emphasised that career decisions are most powerful when rooted in self-awareness rather than external pressure or comparison. He encouraged attendees to treat confusion not as a problem to be eliminated quickly, but as a starting point for deeper reflection — the first step toward a career path that is authentic, sustainable, and fulfilling.

INTERACTION AND ENGAGEMENT

The session saw active participation from students across B.Tech, BBA, BCA, M.Tech, MBA, and MCA programs, along with faculty members and parents. Attendees raised questions on choosing between core and interdisciplinary careers, managing parental and peer expectations, dealing with self-doubt during placements and higher-education decisions, and building long-term direction amid short-term academic pressure. Sh. Agarwal responded with candid, experience-driven insights, drawing on his own journey from IIT Delhi to leadership and social work, making the session both relatable and thought-provoking for the audience.

Rather than offering generic advice, the discussion frequently circled back to first principles — encouraging students to examine why a particular career appealed to them before asking how to pursue it. This distinction, between the 'why' and the 'how' of career choice, became a recurring anchor point throughout the interaction, and several attendees noted that it reframed how they were thinking about upcoming decisions such as internships, specialisations, and higher studies.

SESSION FORMAT

- Welcome address and introduction of Sh. Prabhat Agarwal by the faculty coordinating team.
- Opening reflections from the Chairman on the purpose of conscious career decision-making.
- Guided discussion around the four core themes — self-discovery, self-inspired leadership, clarity of purpose, and turning dreams into reality.
- Open floor Q&A, where students and parents posed individual questions and concerns.
- Closing remarks and an invitation for continued mentorship beyond the session.

ATTENDEE FEEDBACK

Informal feedback gathered after the session was overwhelmingly positive. Students described the interaction as candid and refreshingly different from typical career talks, appreciating that the format prioritised listening and reflection over prescriptive advice. Parents in attendance particularly valued the guidance on how to support their children's decisions without imposing their own expectations, while faculty members noted an increase in students approaching them afterward to discuss the ideas raised during the session. Several attendees requested that the institute organise similar sessions on a regular basis, given how directly the discussion addressed real concerns they were facing.

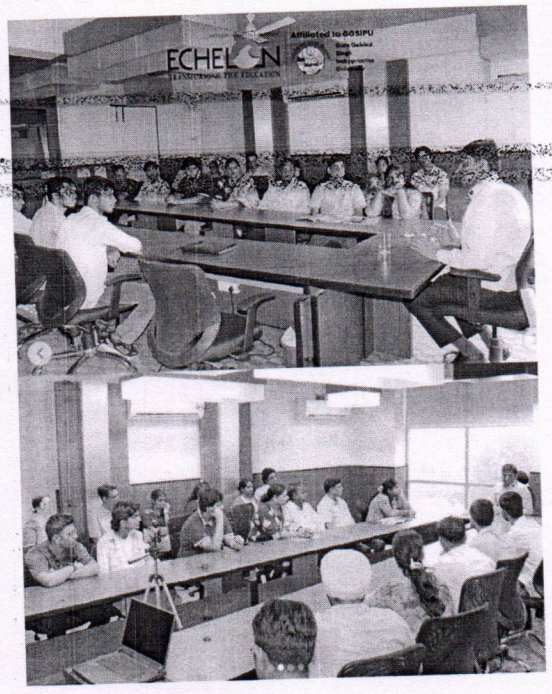

OUTCOME AND IMPACT

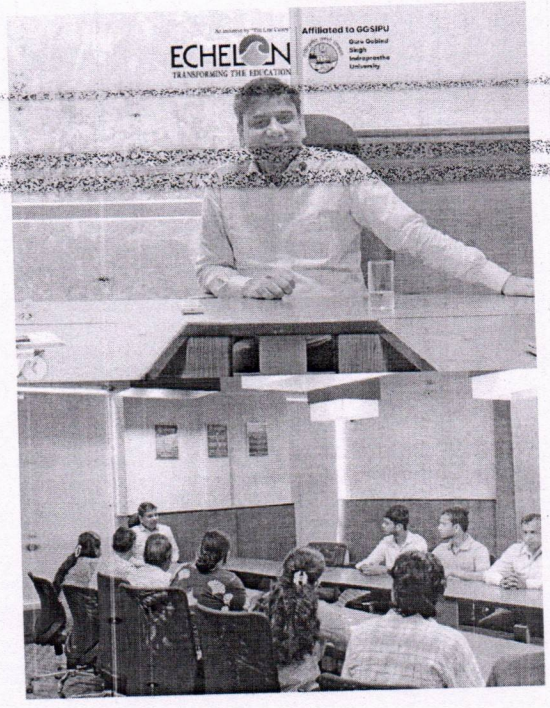

Students left the session with a clearer framework for thinking about their careers — not as a single fixed decision, but as an evolving expression of their values, strengths, and purpose. Feedback from attendees reflected renewed motivation and a stronger sense of direction, with many expressing interest in follow-up mentoring sessions. The event reinforced Echelon Institute of Technology's continued commitment to holistic student development, going beyond academics to nurture confident, self-aware, and purpose-driven future professionals.

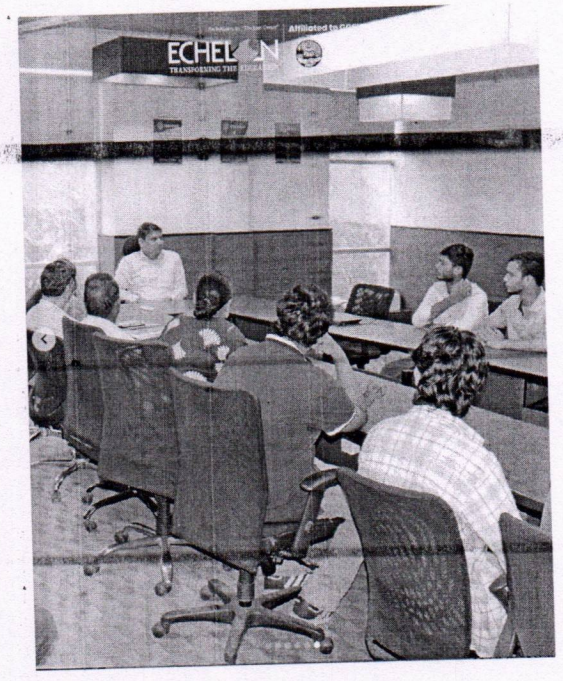

WAY FORWARD

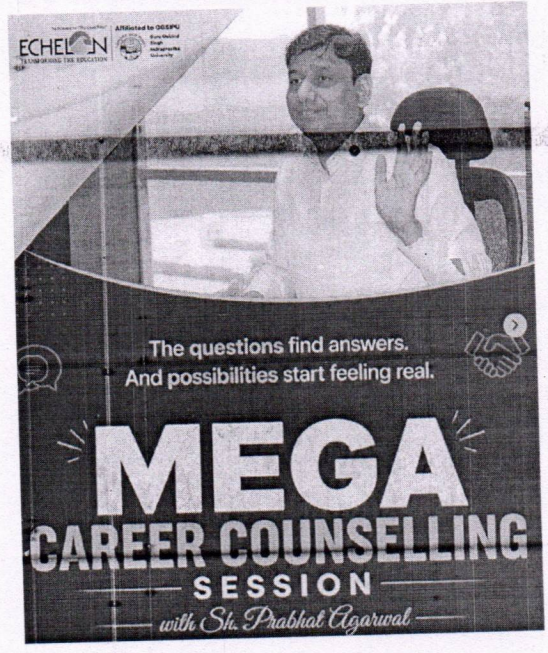

Building on the strong response to this session, Echelon Institute of Technology plans to make career counselling and mentorship a recurring part of the student experience rather than a one-time event. Proposed next steps include smaller follow-up group sessions organised by program or year, one-on-one mentoring slots for students seeking more individual guidance, and periodic check-ins to help students track how their sense of direction evolves over the course of their degree. The institute also intends to involve parents more actively in future sessions, recognising the role they play in a student's career journey.

EVENT GALLERY

ACKNOWLEDGEMENTS

Echelon Institute of Technology extends its sincere gratitude to Sh. Prabhat Agarwal for generously giving his time and wisdom to guide students through this session. Appreciation is also due to the faculty coordinators and administrative team who organised the event, and to the students, parents, and staff whose active participation made the session a meaningful and memorable one. The institute looks forward to building on this momentum through future mentorship initiatives.

Event Report

Session on "Angel Investment & VC Funding Opportunities for Early-Stage Entrepreneurs"

Date	13th August 2025
Venue	S36, Echelon Institute of Technology
Resource Person	Dr. Shiv Kr. Verma, Professor, Sharda University, Noida
Participants	5th-Semester Students (B.Tech)
Organised By	Department of Management / Training & Placement Cell, Echelon Institute of Technology
Coverage	Echelon Media Club (Drishya)

1. Overview

On 13th August 2025, Echelon Institute of Technology successfully organised an insightful and highly engaging session on "Angel Investment & VC Funding Opportunities for Early-Stage Entrepreneurs." The session was conducted by Dr. Shiv Kr. Verma, Professor at Sharda University, Noida, at Venue S36 within the campus. The event witnessed active and enthusiastic participation from the Institute's 5th-semester students, who engaged closely with the subject matter, took notes diligently, and interacted with the speaker throughout the session. The initiative was part of the Institute's ongoing efforts to strengthen student employability and entrepreneurial readiness.

2. About the Resource Person

Dr. Shiv Kr. Verma brings with him rich academic and industry exposure in the domains of finance, entrepreneurship, and venture funding. As a Professor at Sharda University, Noida, he has mentored numerous students and young entrepreneurs on building investment-ready business models. His session combined theoretical grounding with practical, real-world examples drawn from the Indian startup ecosystem, making the concepts of angel investment and venture capital accessible and relevant to engineering and management students alike.

3. Programme Proceedings

- The session commenced with a formal welcome address, followed by a brief introduction of the resource person to the audience.
- Dr. Verma was felicitated by the faculty coordinators with a token of appreciation, marking the formal start of the technical session.
- The resource person delivered an engaging presentation covering the core concepts of startup funding, supported by real-life case studies and examples.
- An interactive question-and-answer round followed, giving students the opportunity to clarify doubts and discuss specific funding scenarios.
- The session concluded with a formal vote of thanks extended to Dr. Verma by the faculty and student coordinators.

4. Key Topics Covered

- Fundamentals of angel investment and venture capital financing
- Different stages of startup funding — seed, angel, Series A/B/C, and beyond
- Effective strategies for early-stage startups to pitch to investors
- What investors evaluate: team strength, market size, scalability, and traction
- Challenges and opportunities within the Indian startup ecosystem
- Common mistakes founders make while approaching investors
- Key strategies to secure funding for innovative business ideas
- Government schemes and support systems available for early-stage entrepreneurs in India

5. Session Highlights

Dr. Verma shared his extensive industry expertise, offering students a comprehensive understanding of how angel investors and venture capitalists evaluate early-stage ventures. He guided the students on practical approaches to transform their entrepreneurial ideas into viable, fundable businesses, emphasising the importance of a strong pitch, a clear value proposition, and a sound understanding of investor expectations. Using examples from well-known Indian startups, he illustrated how founders navigated funding challenges in their early days and what set the successful pitches apart from the rest. The interactive nature of the session allowed students to ask questions and gain first-hand insights into real-world funding scenarios, keeping the audience engaged throughout the duration of the talk.

6. Student Engagement

The session saw strong turnout and active participation from 5th-semester students across branches. Students were seen taking notes, engaging with the presentation content displayed on screen, and participating actively in the discussion that followed. The interactive format of the session helped bridge the gap between classroom learning and real-world entrepreneurial practice, giving students a clearer picture of what it takes to build and fund a startup.

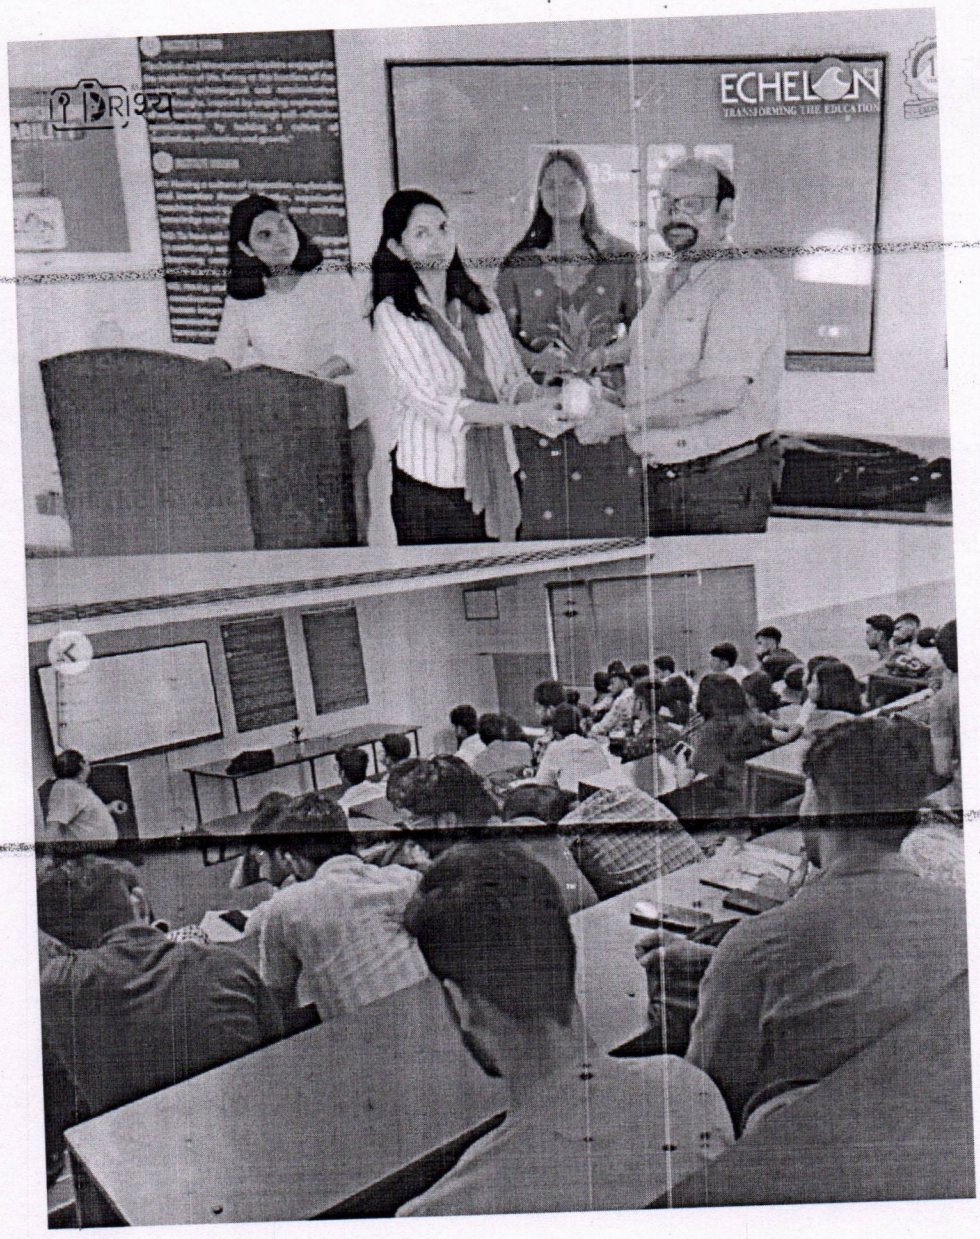

7. Outcome & Impact

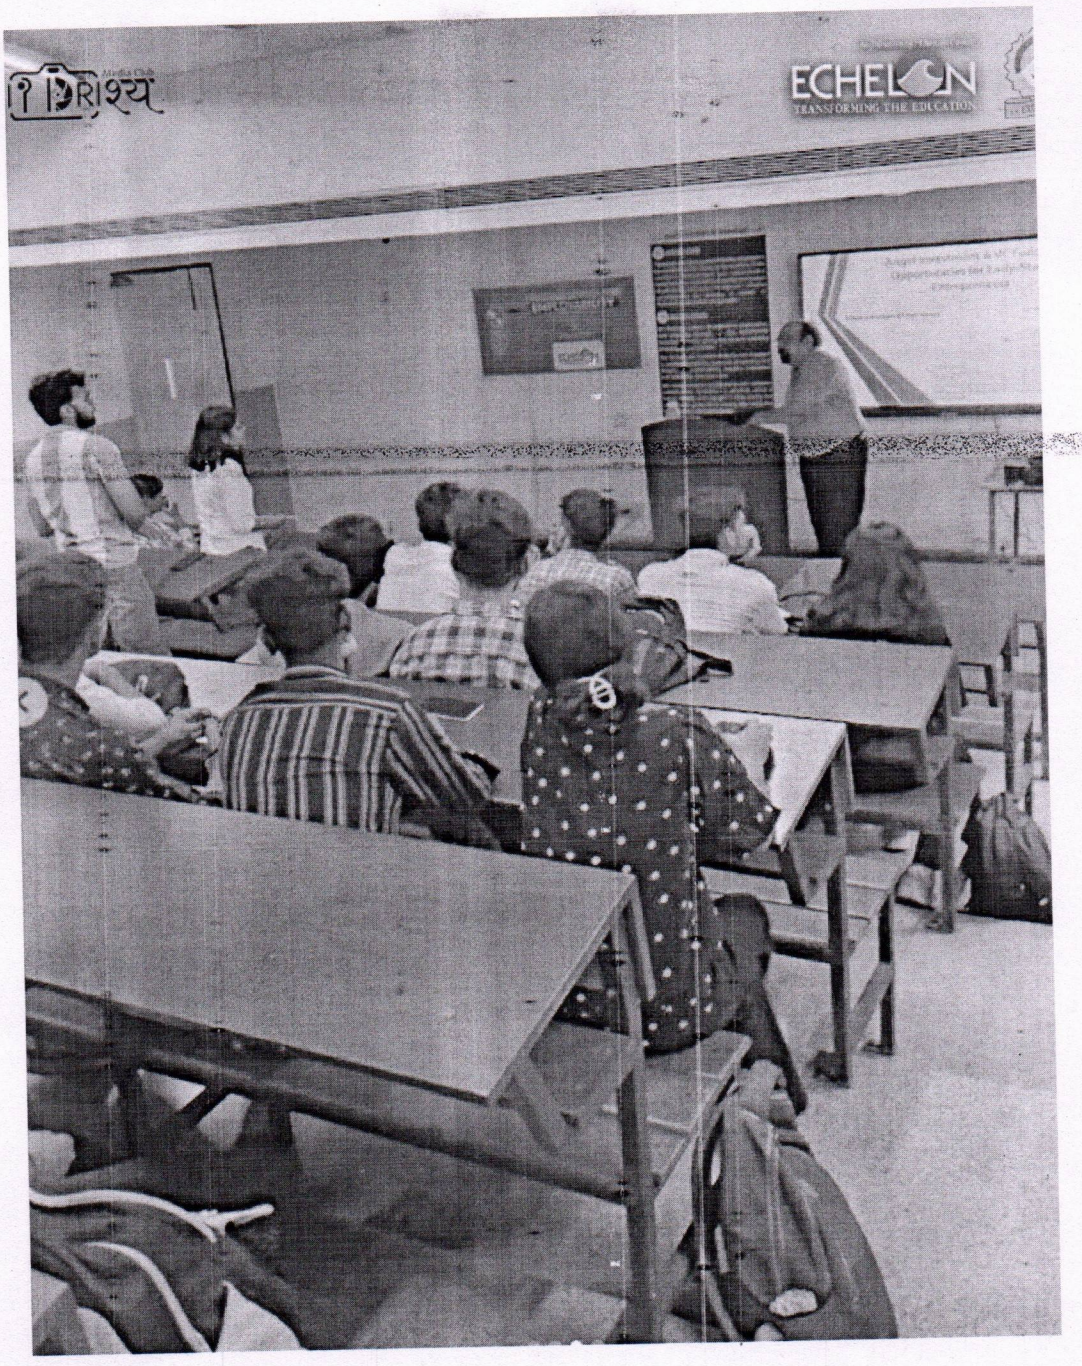

The session left students better equipped to understand the funding landscape and more confident about approaching investors for their entrepreneurial ventures. It also helped demystify the process of raising capital, encouraging students to think critically about business viability, scalability, and investor readiness. Such initiatives reflect Echelon Institute of Technology's continued commitment to igniting innovation, nurturing an entrepreneurial mindset among students, and preparing them to lead confidently within the dynamic startup ecosystem.

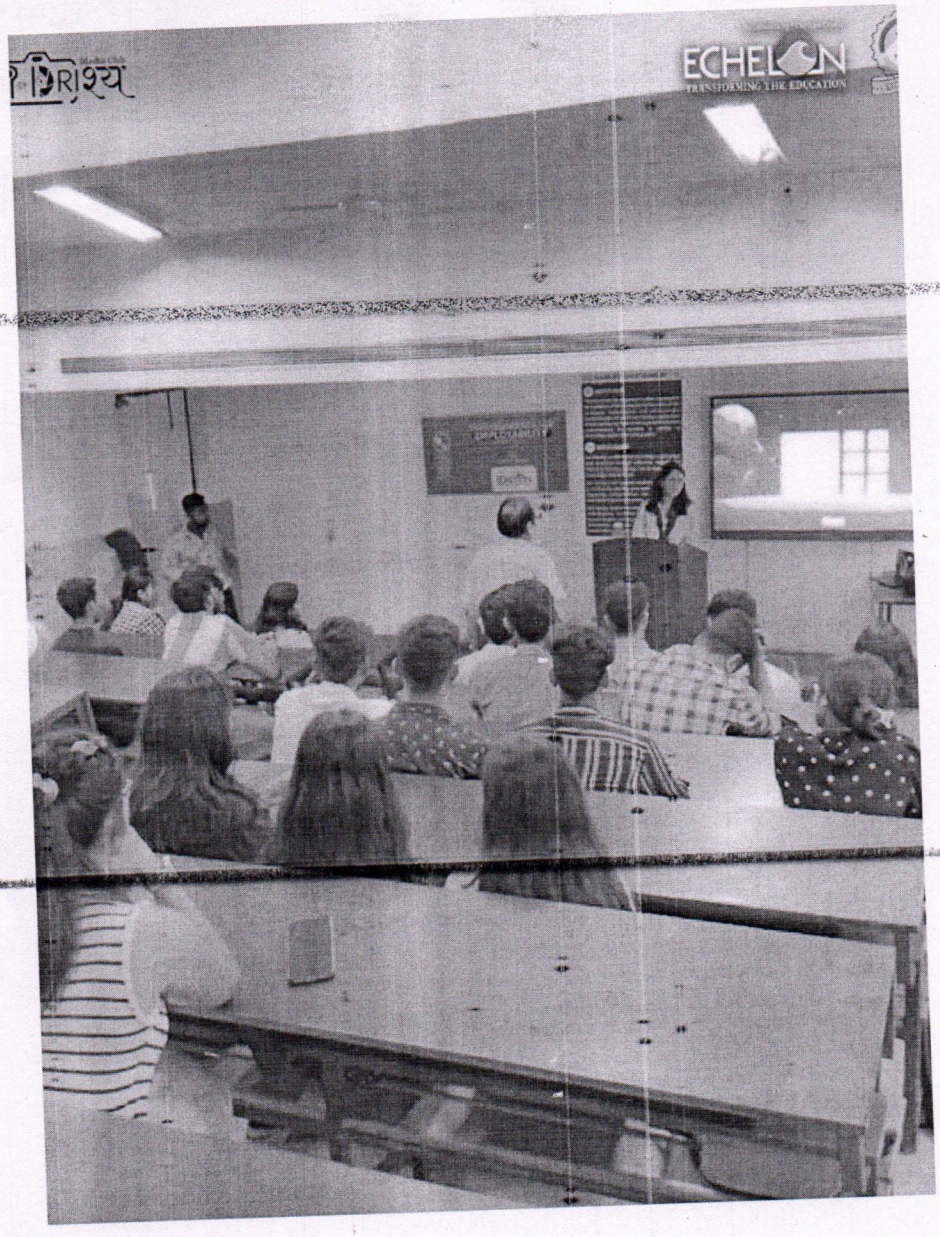

8. Conclusion

The session on Angel Investment & VC Funding Opportunities proved to be a valuable and enriching learning experience for the students, reinforcing the Institute's vision of fostering industry-academia interaction and building future-ready entrepreneurs. Echelon Institute of Technology looks forward to organising more such sessions that bridge the gap between academic learning and industry practice, empowering students to translate their innovative ideas into successful, investment-ready ventures.

REPORT ON DRONE TECHNOLOGY WORKSHOP

27 November 2025 | Room G-29 & Institute Campus

Participants	B.Tech, BCA & MCA Students
Resource Person	Mr. Rahul Sharma, Director, Hawk Devices
Session Theme	Basics of Drone Technology, Applications & Career Opportunities
Practical Activities	Drone Assembly and Flying Demonstration
Organised by	Echelon Institute of Technology

1. Introduction

Echelon Institute of Technology, Faridabad organized a Drone Technology Workshop on 27 November 2025 for B.Tech, BCA and MCA students. The workshop was designed to provide students with a concise introduction to drone technology followed by practical exposure through drone assembly and an outdoor flying session.

2. Expert Session: Basics, Applications & Career Opportunities

Mr. Rahul Sharma, Director, Hawk Devices, conducted the expert session. In a single interactive session, he explained the fundamentals of drones, their basic components and working principles. He also discussed important applications of drones in areas such as surveillance, defence, agriculture, logistics, aerial cinematography, infrastructure inspection, disaster management and smart-city applications. The session concluded with an overview of career and entrepreneurship opportunities in the rapidly growing drone ecosystem.

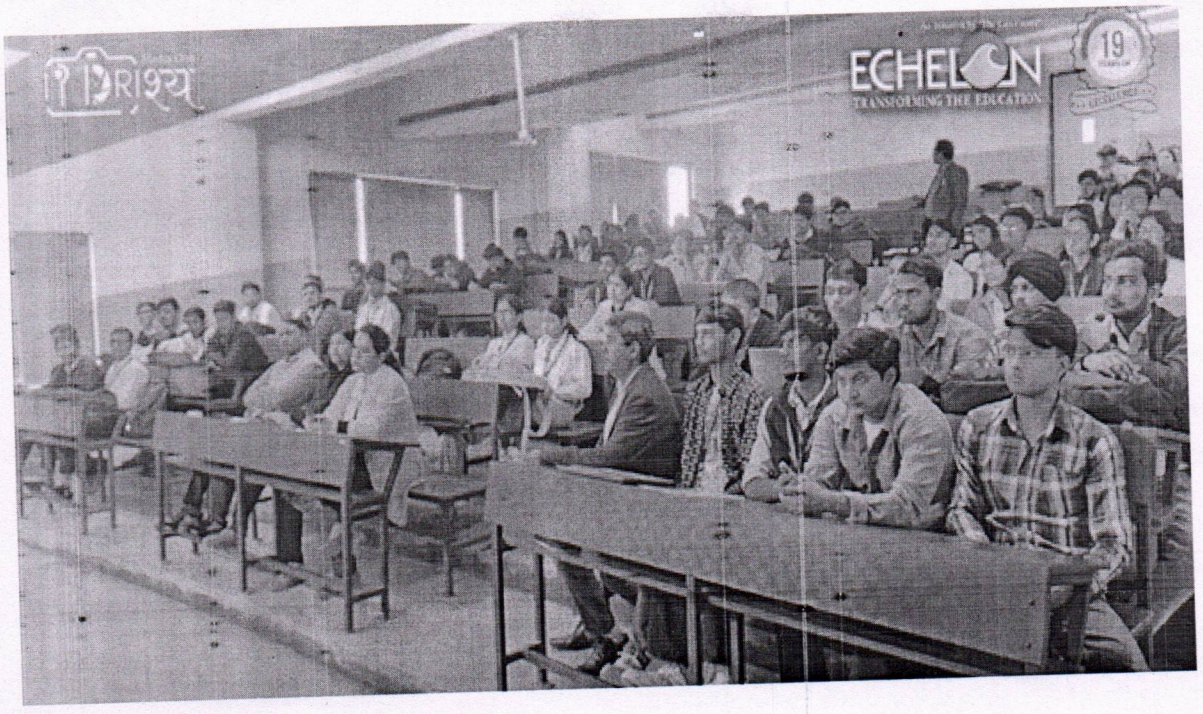

Figure 1: Students participating in Expert Session on Drone Technology

3. Hands-on Drone Assembly

Following the expert session, students participated in a hands-on assembly activity. They examined the structure of a multirotor drone and were introduced to its major hardware elements, including the frame, motors, propellers, electronic components and associated connections. The activity helped students relate the concepts discussed in the expert session to an actual drone system.

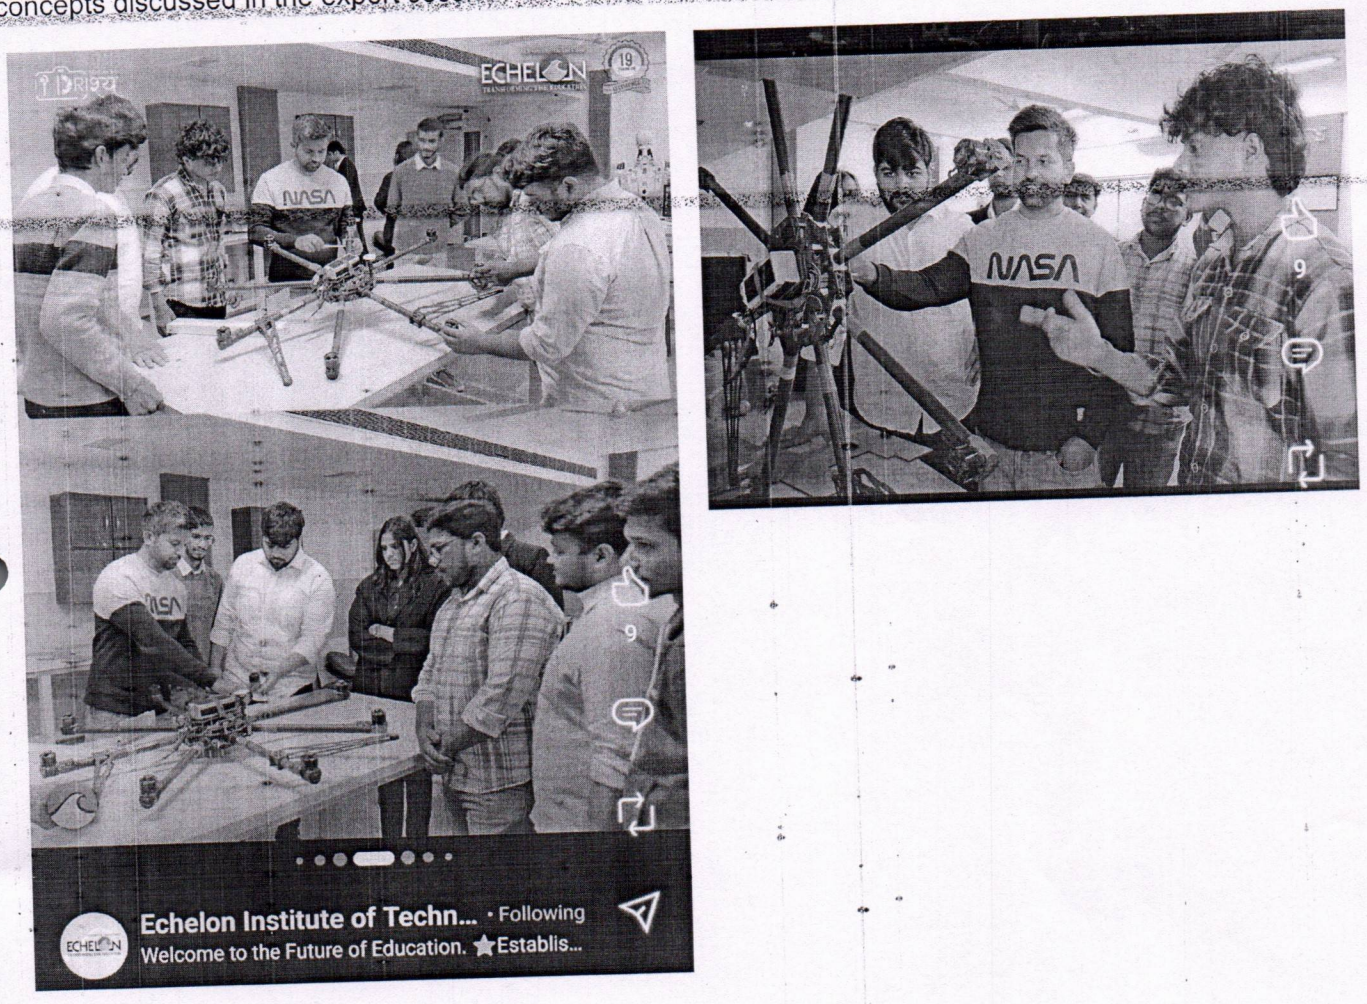

Figure 2: Hands-on drone assembly and hardware interaction by students.

4. Outdoor Flying Session

The workshop concluded with an outdoor flying session on the institute campus. Students observed the practical operation of the multirotor drone and the conditions involved in conducting an outdoor demonstration. The session provided direct exposure to drone operation and reinforced the importance of practical skills and safe operating practices.

Figure 3: Outdoor drone flying demonstration at the institute campus.

5. Key Outcomes

- Students gained a basic understanding of drone technology and its working.
- Students became familiar with major drone components through hands-on assembly.
- Participants learned about current and emerging applications of drones.
- Students gained awareness of career, project and entrepreneurship opportunities in the drone sector.
- The workshop connected classroom concepts with practical drone hardware and field demonstration.

6. Conclusion

The Drone Technology Workshop provided students with a focused combination of expert learning and practical exposure. The sequence of an expert session, hands-on assembly and outdoor flying demonstration enabled participants to understand the basics of drone technology and appreciate its practical applications and career potential.

"Building Blocks for Successful Career"

Event Overview

Session Title	Building Blocks for Successful Career
Organized By	Echelon Institute of Technology, in association with Y4D Foundation and the Institution's Innovation Council (IIC)
Speaker	Mr. Praful Nikam, President
Coordinator	Dr. Sima Kumari, Dean - DMS
Date	February 4, 2025
Time	11:30 AM onwards
Venue	Seminar Hall, Echelon Institute of Technology
Faculty Attendance	Around 25 faculty members and department heads
Student Attendance	Approximately 50–80 students

About the Session

Echelon Institute of Technology was honored to host Mr. Praful Nikam, President of the Y4D Foundation, for an insightful session on career success and leadership held on February 4, 2025, at the Seminar Hall. The session brought together faculty, department heads, and students, and focused on bridging the gap between academia and industry, integrating AI-driven education, and fostering a growth mindset among the participants.

The event was coordinated by Dr. Sima Kumari, Dean - DMS, and was attended by around 25 faculty members and 50 to 80 students, reflecting strong engagement from across the institute. The session was interactive and thought-provoking, with Mr. Nikam encouraging open dialogue and audience participation throughout his address.

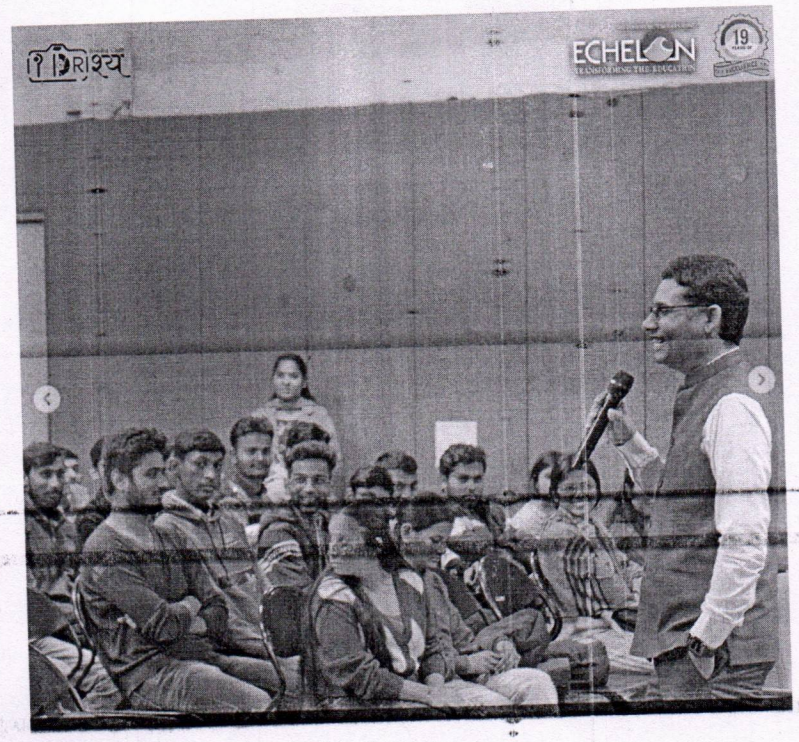

Key Takeaways

- **For HODs:** Strengthening industry-academia collaboration, curriculum innovation, and mentorship programs.
- **For Faculty:** Adapting to AI-driven education and implementing experiential learning methods.
- **For Students:** Embracing continuous learning, skill development, and emerging technologies.

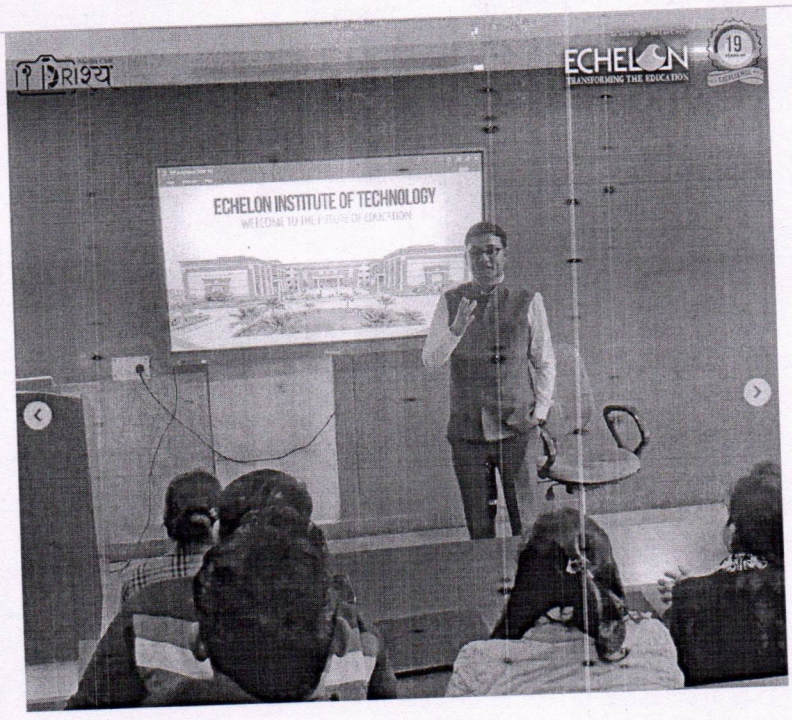

The session left attendees with actionable insights and a renewed sense of direction for building successful careers in a rapidly evolving professional landscape.

ECHELON INSTITUTE OF TECHNOLOGY

Department of Computer Science & Engineering

Objectives

- Enhance Employability Skills
  Helps students meet the aptitude standards required by companies during campus placements.

- Strengthen Quantitative and Logical Abilities
  Builds a strong foundation in maths, reasoning, and analytical thinking—essential for technical and non-technical jobs.

- Improve Verbal Communication Skills
  Supports development in comprehension, grammar, and vocabulary required for placement tests and interviews.

- Prepare for Competitive & Recruitment Exams
  Trains students for exams like GATE, CAT, TCS NQT, Infosys, Wipro, SSC, Banking, etc.

- Build Confidence for Campus Placement Rounds
  Makes students more confident in clearing written tests, group discussions, and interviews.

- Develop Time-Management & Accuracy
  Helps students solve questions quickly with minimal errors—key for timed assessments.

- Boost Career Readiness
  Equips students with the required aptitude skills for internships, job interviews, and higher studies.

- Encourage Logical Decision-Making
  Improves the ability to make quick and correct decisions in academic and real-life situations.

NOTICE

All B.Tech 7th Semester and B.Tech 5th Semester students are hereby informed that the Department of Computer Science and Engineering is organizing an Aptitude Training aimed at enhancing quantitative skills, logical reasoning, and verbal ability essential for placement preparation.

This training program is designed to strengthen students' problem-solving abilities and improve their performance in various competitive exams and campus recruitment tests.

Training Details:

Mode: Offline
Duration: 6 October 2025 to 15 October 2025
Start Date: 6 October 2025
Venue: S-36 Seminar Hall

Benefits of the Aptitude Training:

- Improvement in quantitative and logical reasoning skills
- Enhanced verbal and analytical abilities
- Better preparation for placement exams and competitive tests
- Development of confidence and time-management skills

All B.Tech 7th and 5th Semester students are required to attend the training, as it plays a vital role in their placement and academic development.

Trainer Profile

Vivek Kumar is a Quantitative Aptitude and Logical Reasoning Trainer with over nine years of experience in coaching students for competitive exams such as Campus Placements, Bank PO, SSC, and various entrance tests. He is known for simplifying complex concepts using innovative techniques and shortcuts, leading to consistently positive student feedback. He has trained at several reputed institutions across India and has a strong background in mentoring, classroom management, and training need analysis. Additionally, he has cleared SSC CGL Mains four times, showcasing his strong command over aptitude subjects.

Notice

This is to apprise you that the Department of Management Studies has arranged an Industrial Visit for **BBA and MBA eligible students**. The visit aims to provide valuable insights and the first-hand experience which shall try to bridge the gap between theoretical knowledge and practical applications in industries.

Please find details of the visit provided below:

- **Organization Name: Amul-Banas Dairy, Faridabad**
- **Date:** 29April, 2026
- **Reporting Time:** 8:55 AM
- **Assembly Point:** Lal Chock at Main Gate.
- **Faculty Coordinators:** Dr B L Yadav
- **Student Coordinator:** Vivek Kaushik

Instructions:

The students are required to:

1. Carry the identity card, failing to which, boarding will not be allowed. 2. Dress appropriately in the formal attire.

3. Carry your edible items with you.

4. Arrive at the designated meeting point 15 minutes before the scheduled time to mark presence on the attendance sheet.

5. Strictly adhere to the guidelines provided by the faculty coordinators during visit or at company premises.

6. Prepare a report on the visit and would submit the hard copy to the respective faculty class coordinators before 5.05.2026.

You are strictly required to adhere to the instructions

Thank you & Best wishes

Dear Team,

This is with reference to the upcoming industrial visit to **GCMMF Ltd (Amul) Banas Dairy, IMT, Sector 68, Faridabad, scheduled on 29 April 2026**. Kindly make the necessary arrangements as per the details below:

1. Transportation Arrangement: Mr Dulichand is requested to arrange transportation for **45 students and faculty members**. Proposed departure 9:00 AM.

2. Faculty Coordination: Dr B. L. Yadav will act as the **Faculty Coordinator** and oversee all arrangements related to the visit.

3. Creative & Publicity: Mr Raviraj is requested to prepare a **creative/poster** for circulation on social media and also design one poster suitable for **flex printing**.

4. Printing of Poster: Mr Saroj is requested to get the finalised poster printed (flex) in coordination with Mr Raviraj.

The **list of registered students is enclosed** for your reference.

Dr B. L. Yadav may coordinate with all concerned and ensure smooth execution of the visit.

Regards,

Department of Management Studies

Subject: **Request for Industrial Visit to Amul**

Dear Sir,

Greetings from the Department of Management Studies, Echelon Institute of Technology (affiliated with GGSIPU, Delhi).

I am writing to formally request permission for organizing an industrial visit to your esteemed organization for our BBA and MBA students on 29th April or 30th April 2026.

The primary objective of this visit is to provide students with practical exposure to real-world business operations, including dairy production processes, supply chain management, and marketing strategies. Such an experience would significantly enhance their understanding of management concepts and bridge the gap between academic learning and industry practices.

We would be grateful if you could schedule the visit on either 29th April or 30th April 2026, as per your convenience. Additionally, kindly guide us regarding the necessary formalities, documentation, and procedures required from our side to facilitate the same.

We look forward to your positive response and the opportunity to collaborate with your organization for this educational initiative.

Thank you for your time and consideration.

Warm regards,

Sonam

Assistant Professor – DMS

Echelon Institute of Technology, Faridabad

Summary

1. Introduction

The Department of Management Studies organized an Industrial Visit to Amul-Banas Dairy, Faridabad on 29 April 2026. The visit aimed to provide practical exposure to entrepreneurship support systems, government initiatives, and MSME development.

Registered Students: 52 | **Present:** 45

2. Acknowledgement

The department expresses sincere thanks to Dr. Arvind Kumar Pandey (Director), Prof. Irfanullah Khan (Governance), Dr. Neha Mittal (HOD).

3. Objectives

· To understand the role of AMUL in promoting entrepreneurship.

· To learn about supply chain system support services.

· To explore government schemes and financial assistance

· To connect theory with practical exposure

4. Activities Conducted

· Orientation on AMUL services

· Interaction with officials

· Visit to incubation and training facilities

· Discussion on funding and business support

5. Academic Perspective

The industrial visit to Amul provided students with an opportunity to bridge the gap between theoretical knowledge and practical industrial applications. It enabled them to observe real-time production processes, quality management practices, supply chain operations, and organizational structures discussed in their academic curriculum.

6. Learning Outcomes (Student Perspective)

· Understanding of the complete milk processing and dairy production cycle from collection to packaging.

· Knowledge of quality control measures and food safety standards followed in the dairy industry. · Exposure to modern dairy technologies, automation systems, and production equipment.

theoretical knowledge and practical industrial applications. It enabled them to observe real-

Department of management Studies

Notice

This is to apprise you that the Department of Management Studies has arranged an Entrepreneurship Orientation Program for **BBA and MBA eligible students**. The visit aims to provide valuable insights and the first-hand experience which shall try to bridge the gap between theoretical knowledge and practical applications in industries.

Please find details of the visit provided below:

- **Organization Name & Venue:** National Small Industries Corporation Limited, NSIC Incubation Centre Okhala, New Delhi
- **Date:** 16 April, 2026
- **Reporting Time:** 8:55 AM
- **Assembly Point:** Lal Chock at Main Gate.
- **Faculty Coordinators:** Dr B L Yadav
- **Student Coordinator:** Vivek Kaushik

Instructions:

The students are required to:

1. Carry the identity card, failing to which, boarding will not be allowed. 2. Dress appropriately in the formal attire.
3. Carry your edible items with you.
4. Arrive at the designated meeting point 15 minutes before the scheduled time to mark presence on the attendance sheet.
5. Strictly adhere to the guidelines provided by the faculty coordinators during visit or at company premises.
6. Prepare a report on the visit and would submit the hard copy to the respective faculty class coordinators before 28.04.2026

You are strictly required to adhere to the instructions

Thank you & Best wishes Dr. Neha Mittal Dr. Irfanullah khan

Fwd: Industrial Visit in NSIC Incubation Centre

4 messages

HOD DMS <hoddms@eitfaridabad.co.in> Tue, Apr 14, 2026 at 3:47 PM To: Echelon Accounts <Accounts@eitfaridabad.co.in>, priyadarshi@eitfaridabad.co.in, bajranglal@eitfaridabad.co.in

Dear Team,

This is regarding the upcoming Industrial Visit to NSIC Incubation Centre, Okhla.

The Digital Creative Team (Mr Priyadarshi) is requested to design a **creative digital poster and a flex poster** for the visit and ensure their timely circulation across all official social media platforms.

Further, **Dr. B. L. Yadav, Associate Professor (DMS)** is requested to kindly coordinate the visit arrangements and liaise with **Mr. Saroj (Accounts)** for the flex printing.

Please treat this as urgent and ensure completion at the earliest.

HOD DMS

poster for the visit and ensure their timely circulation across all official social media platforms.

Dear Madam, ... (DMS) is requested to kindly coordinate the visit arrangements

This is with reference to your email regarding the Entrepreneurship Orientation Program (EOP) visit scheduled on 16 April 2026 at NSIC Incubation Centre.
We would like to confirm our participation with **27 students and 1 faculty member** for the said

visit. We are also sharing the details of the students in the prescribed format as required.

Kindly let us know the procedure for submitting the total amount (₹236 per participant, inclusive of GST) and share the necessary payment details for processing the same.

Looking forward to your confirmation.

Thanking you.

Yours sincerely,
Prof. Irfanullah Khan

Sir,

This is to seek your kind approval for organizing an Industrial Visit under the Entrepreneurship Orientation Program (EOP) for students at the NSIC Incubation Centre.

As per communication with the concerned authority, the visit has been scheduled on 16 April 2026 (since 15 April was unavailable). The proposed details are as follows:

- Program: Entrepreneurship Orientation Program (EOP)
- Venue: NSIC Incubation Centre
- Date: 16 April 2026
- Participants: Approximately 50 students along with faculty members
- Fee: ₹236 per student (inclusive of GST)

The program aims to provide students with practical exposure to entrepreneurship development, incubation support, and small business operations.

We request your approval to proceed with the visit and to initiate the necessary arrangements, including fee collection and payment processing.

Kindly grant your approval for the same.

Thanking you.

Yours sincerely,
HOD, DMS

VISION STATEMENT OF THE DEPARTMENT OF MANAGEMENT STUDIES

To develop visionary leaders who drive sustainable business and societal progress, fostering a culture of inspiration, exploration, and growth to inspire transformative change for organisations and communities.

MISSION STATEMENTS OF THE DEPARTMENT OF MANAGEMENT STUDIES

M-1: To foster innovation and experiential learning by equipping students with evolving knowledge of business management principles and practices.
M-2: To develop self-inspired leaders with strategic thinking, creativity, and ethical consciousness to address complex business challenges.
M-3: To instil reflective and collaborative values, enabling students to contribute meaningfully to organisational and societal integrity.

Dear Madam,

This is with reference to your communication regarding the Industrial Visit at NSIC Incubation Centre and the resumption of the Entrepreneurship Orientation Program (EOP).

We would like to confirm our interest in organising an EOP visit on **15 April 2026** for our students. The expected number of participants is **50 students**, along with faculty members as per your guidelines.

We acknowledge and agree to the terms and conditions mentioned, including the fee structure of Rs. 200/- per candidate (inclusive of GST), minimum batch charges, and payment through NEFT. We will ensure that the student details are shared in the prescribed format at least two days prior to the scheduled visit.

Kindly confirm the availability of the requested date and share the **pro forma invoice along with bank details** for further processing of payment.

We look forward to your confirmation and cooperation.

Thanking you.

Refer to your enquiry regarding **Industrial Visit in NSIC Incubation Centre,** We are glad to inform you that Entrepreneurship Orientation Program (EOP) visits are once again resumed.

This is to bring to your kind notice that Entrepreneurship Orientation Program visits are chargeable at a nominal fee of Rs 169.50/- plus GST for each candidate which is Rs 200/- per candidate. In order to ensure smooth operation during these EOPs the following guidelines are to be followed.

1. A minimum fee of Rs 2000/- (Two thousand Only) including GST is chargeable per batch, even if the number of participants is less than 10.

2. A maximum of 2 faculty members are allowed to accompany a batch without additional payment.

3. A soft copy of the student's details should be sent to us two days before the scheduled program in the same format as attached. Please ensure that the data sent by us should be filled in the same format as it has been sent to you.

Refer to your enquiry regarding **Industrial Visit in NSIC Incubation Centre**, We are glad to inform you

4. **The amount would be payable only through NEFT. No other mode of payment would be accepted.** The payment must be received by NSIC at least 2 working days prior to the date of scheduled EOP. Working dates will exclude Saturdays, Sundays & any other gazetted holidays.

5. The amount once received will be non-refundable/ non-adjustable/ non-transferable.

6. Payment is to be made by college/ institute only through net banking and college has to give transaction details on email for confirmation two days prior to the date of the EOP.

7. **All candidates who attend the programme will be issued a participation letter in individual names. No change in names would be permitted after the EOP batch has left NSIC.**

8. On receipt of confirmation date on email, a pro forma invoice will be sent to you along with bank details for payment.

EOP visit dates are April'26 available. for any further details, kindly contact. Regards,

Vijayta Gautam

Summary

1. Introduction

The Department of Management Studies organized an Industrial Visit cum Entrepreneurship Orientation Programme to National Small Industries Corporation (NSIC), Okhla, New Delhi on 16 April 2026. The visit aimed to provide practical exposure to entrepreneurship support systems, government initiatives, and MSME development.

Registered Students: 51 | **Present:** 50

2. Acknowledgement

The department expresses sincere thanks to Dr. Arvind Kumar Pandey (Director), Prof. Irfanullah Khan (Governance), Dr. Neha Mittal (HOD), and Dr. Vijayta Gautam (Deputy Director, NSIC) for their support and guidance in making this visit successful.

3. Objectives

- To understand the role of NSIC in promoting entrepreneurship
- To learn about MSME support services and incubation
- To explore government schemes and financial assistance
- To connect theory with practical exposure

4. Activities Conducted

- Orientation on NSIC services
- Interaction with officials
- Visit to incubation and training facilities
- Discussion on funding and business support

5. Academic Perspective

The visit helped students relate concepts like entrepreneurship, MSME policies, incubation, and financial management with real-world practices, improving their practical understanding.

6. Learning Outcomes (Student Perspective)

Students gained insights into MSME support, business incubation, and startup procedures. They learned about key schemes such as Pradhan Mantri Mudra Yojana, Stand-Up India Scheme, Startup India, PMEGP, and SIDBI.

They also understood the basic procedure of starting a business: idea selection, registration (Udyam), application for loans, document submission, and approval process.
