About the Editors

Dr. B. L. Yadav is an accomplished academician, researcher, and author currently serving as an Associate Professor in the Department of Management Studies at Echelon Institute of Technology, Faridabad. With a Ph.D. in Commerce from the University of Rajasthan, his research expertise lies in sustainable agriculture, rural development, digital transformation, and emerging technologies in management. Dr. Yadav has an impressive portfolio of scholarly contributions, including numerous publications in UGC-Care, Scopus, and peer-reviewed journals, along with edited books, book chapters, and multiple patents in areas such as AI, blockchain, and digital marketing. He has also guided doctoral scholars and actively contributed to academic leadership through research coordination and institutional development roles. A recipient of several prestigious honors, including the Young Scholar Award and Best Emerging Researcher Award, Dr. Yadav is committed to advancing interdisciplinary research that bridges agriculture, sustainability, and modern business practices. His work reflects a strong dedication to academic excellence, innovation, and impactful knowledge creation.

Prof. (Dr.) Sanjeev Kumar is a distinguished academician and finance expert with over 18 years of experience in teaching, research, and academic administration. Currently serving as Dean and Professor of Finance at the Alabbar School of Management, Raffles University, he has demonstrated strong leadership in curriculum development, institutional governance, and student mentoring. A qualified Chartered Financial Analyst (CFA) with a Ph.D., his expertise spans financial management, investment analysis, and international finance. He has an extensive publication record in reputed ABDC and Scopus-indexed journals and has actively contributed to academic excellence through seminars, workshops, and research supervision.

Dr. Sandeep Kumar is an accomplished academician currently serving as an Assistant Professor in the Department of Commerce at Indira Gandhi University, Meerpur. He possesses strong expertise in the field of commerce and management, with a keen interest in teaching, research, and academic development. Dr. Kumar is dedicated to fostering analytical and conceptual understanding among students while actively contributing to academic research and scholarly activities. His areas of interest include contemporary issues in commerce, business practices, and emerging trends in management.

Prof. (Dr.) Jaspreet Dahiya is a distinguished academician and researcher currently serving as Professor, Head of the Department, and Deputy Dean at Baba Mastnath University, Rohtak. With a Ph.D. in Commerce and extensive teaching and administrative experience spanning over a decade, she has made significant contributions to higher education and academic leadership. Dr. Dahiya has an outstanding research profile with over 75 research publications in reputed journals, multiple books, book chapters, and patents to her credit. She has successfully guided numerous Ph.D. scholars and postgraduate research projects, reflecting her strong commitment to research and academic excellence. A recipient of several prestigious awards, including the Best Academician Award, she is known for her expertise in management and commerce, innovative teaching practices, and dedication to fostering research-driven learning. Her work continues to contribute to the advancement of knowledge in business, education, and interdisciplinary studies.

CONTENTS

- Housing : Meaning and Concept 1-6
- Affordable Housing 7-13
- Cooperative Housing Society 14-18
- Concept of Housing Loan/Home Loan 19-24
- Housing Loan Documents 25-27
- Interest Rate, EMI & Repayment of Home Loans 28-32
- Home Loan Prepayment, Pre closure & Balance Transfer 33-37
- Top up Loan, Home Loan Insurance and Tax Benefits 38-40
- Housing Loan in Joint Names, Women Applicants and RERA 41-44
- Housing Finance Companies/Industries 45-53
- CIBIL Score/Credit Score 54-61
- Housing and Urban Development Finance Corporation Limited (HUDCO) 62-67
- National Housing Bank (NHB) 68-72
- Various Government Housing Schemes 73-82
- LIC Housing Finance Ltd. (LIC HFL) 83-89

Software Engineering

Principles and Applications

Ms. Anita • Ms. Shefali Madan •
Ms. Mahima Magon • Dr. Stuti Saxena

Contents

1. Introduction to Software Engineering **1-60**

1.1 Introduction 1
1.2 Meaning and Definition of Software Engineering 5
1.3 Evolution of Software Engineering 16
1.4 Characteristics of Software 21
1.5 Objectives of Software Engineering 26
1.6 Importance of Software Engineering 31
1.7 Components of Software 37
1.8 Types of Software 42
1.9 Software Development Life Cycle (SDLC) 45

2. Software Development Life Cycle (SDLC) Models **61-124**

2.1 Introduction 61
2.2 Learning Objectives 63
2.3 Concept of SDLC Models 67
2.4 Need for SDLC Models 77
2.5 Generic Phases of the Software Development Life Cycle (SDLC) 82
2.6 Waterfall Model 87

3. Requirements Engineering and Analysis **125-154**

3.1 Introduction to Requirements Engineering 125
3.2 Definition of Requirements Engineering 126
3.3 Objectives of Requirements Engineering 127

6. Software Project Planning and Management 227-288

6.1 Introduction 227
6.2 Concept of Software Project Management 229
6.3 Software Project Life Cycle 240
6.4 Challenges in Project Planning 243
6.5 Project Scope Management 248
6.6 Project Planning Process 262
6.7 Project Scope Management and Planning 274
6.8 Software Project Estimation 279

7. Software Quality Assurance and Standards 289-340

7.1 Introduction 289
7.2 Software Quality 290
7.3 Software Quality Assurance (SQA) 298
7.4 Objectives of Software Quality Assurance (SQA) 301
7.5 Activities of Software Quality Assurance 304
7.6 Software Quality Models 310
7.7 Verification and Validation 332
7.8 Software Reviews 334
7.9 Software Audits 335
7.10 Software Testing and Quality Assurance 336
7.11 Software Metrics 336
7.12 Software Quality Standards 337

Ms. Anita is an experienced academician in the field of Computer Science and Engineering with over 17 years of teaching experience. She holds B.Tech. and M.Tech. degrees in Computer Science and Engineering and is currently pursuing a Ph.D. She is both GATE and UGC-NET qualified. Throughout her academic career, she has been actively involved in teaching, student mentoring, placement coordination, and academic administration. Her research interests include Artificial Intelligence, Machine Learning, Recommendation Systems, Data Structures, Database Management Systems (DBMS), and Operating Systems. She is committed to fostering academic excellence and preparing students for industry and research oriented careers.

Ms. Shefali Madan is an Associate Professor in the Department of Computer Science and Engineering at Echelon Institute of Technology, Faridabad. She has over 22 years of teaching experience. She obtained her B.Tech. and M.Tech. in Information Technology with distinction from Lingaya's University and is currently pursuing a Ph.D. in Computer Science and Engineering from Manav Rachna International Institute of Research and Studies (MRIIRS). She has published 15 research papers and holds three patents. Her research interests include Data Mining, Artificial Intelligence, Machine Learning, and Operating Systems.

Ms. Mahima Magon is an accomplished academician and researcher with over 15 years of teaching experience in Computer Science and Engineering. She is currently serving as an Associate Professor at Echelon Institute of Technology, Faridabad, and is pursuing a Ph.D. in Computer Science and Engineering from Lingaya's Vidyapeeth. She qualified NTA-NET in Computer Science and Engineering with an impressive 99.37 percentile. Her areas of expertise include Python, Data Analytics, Machine Learning, Deep Learning, Database Management Systems, and Data Structures. She has published several research papers, filed a design patent, and authored the book AI and ML Using Python. Passionate about innovative teaching and research, she actively contributes to academic development, student mentoring, and institutional excellence.

Dr. Stuti Saxena is an Associate Professor in the Department of Computer Science and Engineering at Echelon Institute of Technology, Faridabad, with over 16 years of teaching experience. She earned her Ph.D. in Computer Science and Engineering in 2024, specializing in Deep Learning. She completed her B.E. and M.Tech. in Computer Science and Engineering with distinction. She has published seven research papers in reputed journals and conferences. Her research interests include Deep Learning, Artificial Intelligence, Machine Learning, and Database Management Systems (DBMS). She is also an active member of the Institution's Innovation Council (IIC) and actively contributes to academic, research, and skill development initiatives.

This book explores the convergence of Artificial Intelligence and Computational Linguistics with a special focus on Sanskrit Natural Language Processing (NLP) for undergraduate and post graduate students. It covers essential topics such as Machine Learning, Semantic Role Labeling, Corpus Development, Annotation, and Ethical AI in linguistic research. Designed for students of computer science, linguistics, and digital humanities, the book combines theoretical foundations with modern AI applications. By blending traditional grammatical insights with computational techniques, the text highlights how Pā ṇinian linguistic principles can coexist with deep learning frameworks. It provides a detailed overview of hybrid models, discourse analysis, and language modeling, supported by practical examples and exercises. Furthermore, it addresses challenges of digitization, bias, data scarcity, and cultural sensitivity in AI. Overall, this work serves as a bridge between ancient linguistic heritage and modern technological advancement, inspiring a balanced approach where innovation and tradition move forward hand in hand.

Prof. (Dr.) Manisha Vashisht is a distinguished academician and researcher in Computer Science and Engineering with over two decades of experience in teaching, research, and industry. She currently serves as Professor and Head of the Department of CSE at Echelon Institute of Technology, Faridabad. Holding a Ph.D. in Computer Vision and Artificial Intelligence along with M. Tech and B. Tech degrees in Computer Science, she has made significant research contributions in neural networks, image recognition, machine learning, and business intelligence. Her notable work includes traffic sign detection for smart cities, defect prediction frameworks, and the role of mathematics in image processing. Beyond academics, she has led numerous hackathons, FDPs, and industry collaborations, and mentored students in emerging technologies such as Generative AI, Data Analytics, and Cloud Computing. Certified in Power BI, Data Science, and Machine Learning using Python, Prof. Vashisht is dedicated to empowering students with cutting-edge technical expertise and fostering innovation to bridge academic learning with real-world technological advancements.

Ms. Rakhi Bhammarkar is an Assistant Professor in the Department of Computer Science & Engineering at Echelon Institute of Technology, Faridabad, specializing in Artificial Intelligence and Machine Learning (AI/ML). She holds an M.Tech in CSE (AI/ML specialization) from Manav Rachna International Institute of Research & Studies and brings industry experience from Cognizant Technology Solutions. Skilled in Python, C, C++, TensorFlow, Pandas, NumPy, CNN, and VGG-Net, she has worked on projects involving air quality forecasting, cancer detection using deep learning, and intelligent predictive modeling. Her research focuses on sustainability, climate change, and healthcare analytics. At Echelon, she is dedicated to mentoring students in advanced AI/ML applications and holds certifications in Python for Data Science (NPTEL), Machine Learning (Infosys Springboard, NPTEL), and Step-by-Step ML with Python (Infosys Springboard). Passionate about innovation and impactful teaching, she continues to advance AI/ML education and applied research addressing real-world challenges.

Mr. Manish Kumar Lakhiwal is an enthusiastic educator and researcher in Artificial Intelligence, Machine Learning, Data Science, and Cybersecurity. He holds an M.Tech in Computer Science & Engineering (AI/ML specialization) from Manav Rachna International Institute of Research & Studies and serves as an Assistant Professor at Shivalik College of Engineering. With prior industry experience as a Data Analyst Trainee at Keptra Solutions and a Java Developer at ScoreMe Solutions, he has worked on REST APIs, data pipelines, and large-scale data analysis. His research spans fetal health classification, IoT-based health monitoring, air quality forecasting, financial data analytics, and cybersecurity in Software Defined Networks (SDN), with publications in reputed journals and conferences. Certified in Machine Learning (Infosys, IBM) and pursuing the Google Data Analytics Certificate, he is proficient in Python, TensorFlow, PyTorch, SQL, Java, Flask, Spring Boot, MongoDB, Tableau, and AWS. Passionate about innovation and impactful learning, he continues to explore AI-driven and secure technological solutions addressing real-world challenges in healthcare, sustainability, and computing.

Mr. Aniket Kumar Rawat is a passionate educator and researcher in Artificial Intelligence and Machine Learning, currently serving as an Assistant Professor at Shivalik College of Engineering, Dehradun. He holds an M.Tech in Computer Science and Engineering (AI/ML specialization) and has gained research experience at IIT Kanpur and IIT Delhi. His work focuses on intelligent systems for data analysis, deep learning, geospatial modeling, and forecasting, with research contributions published in reputed international journals and conferences such as IEEE and Taylor & Francis. Proficient in Python, R, JavaScript, SQL, TensorFlow, PyTorch, Scikit-learn, Tableau, QGIS, and Google Earth Engine, his interests include AI/ML, Geospatial Data Science, Renewable Energy Forecasting, Healthcare Analytics, and Time Series Modeling. Committed to innovation and academic excellence, he mentors students, leads AI-based projects, and develops educational content that bridges research and real-world applications, advancing AI-driven solutions for sustainability, healthcare, and smart city development.
